GOVERNMENT OPERATIONS

WAYS & MEANS

Dear County Executive Picente:

I have attached the job specification for the title of Deputy Director of Information Technology and the letter from Director Ambrose concerning the need for this position. I have added the title to the Oneida County Classification Plan, and I am recommending the salary for this title be set at Grade 44M Step 2 at \$74,069. I am not requesting any positions be created at this time.

Additionally, Director Ambrose is requesting the salary for Information Technology Project Manager be reduced by 4 grades from Grade 40M Step 2 at \$63,553 to Grade 36M Step 2 at \$54,956 due to the shift in duties and structure of the department though the creation of a Deputy Director, and I concur with this recommendation. The Information Technology Project Manager position is currently vacant.

If you concur, I respectfully request that this recommendation be forwarded to the Board of Legislators for their consideration.

Sincerely,

John P. Talerico
Commissioner of Personnel

Re: Deputy Director of Information Technology

July 15, 2019

Commissioner Talerico,

The Oneida County Information Technology department has overarching responsibilities ensuring the computing resources are accessible to all Oneida County departments. It is imperative that there be an authority figure available at all times to properly manage technical initiatives and the staff that support these initiatives. The Oneida County Information Technology department currently does not have a job description that properly fits the capacity of Deputy Director of Information Technology in our staffing model. I am respectfully requesting the addition of Deputy Director of Information Technology be added to our classifications.

The position of Information Technology would be responsible for the following:

1. Acts on behalf of the Director of Information Technology in his or her absence and assumes all administrative, operating and reporting functions normally performed by the Director of Information Technology;
2. Implements Countywide IT policy and initiatives as determined by the Director of Information Technology;
3. Coordinates the implementation of new projects from conception through implementation;
4. Makes detailed analysis of the County's infrastructure including but not limited to network servers, data storage, systems redundancies, data backup systems, security appliances, workstations and printing options;
5. Responsible for the management of all IT projects and initiatives;
6. Works closely with the Director to determine the objectives of the department;
7. Coaches, mentors and supervises team members to influence them to take positive action and accountability for their assigned work;
8. Reports departmental activities to the Director of Information Technology;

The position will be a hands-on management position intimately familiar with the infrastructure and projects that comprise the Information Technology department. The incumbent will work closely with the Department Head setting policy as well as taking part in strategic planning. The creation of a position is not being requested at this time, and no additional funding will be required for this position. Based on the duties of the position and where it fits in the department organizational chart, it is being requested that the salary be set at Grade M44, an increase by 4 grades.

Received
ONEIDA
COUNTY
JUL 22 2019
PERSONNEL
DEPARTMENT
Received

In addition to this request, I am also respectfully requesting the current, vacant title of Information Technology Project Manager be reduced by 4 grades from M40 to M36. This position will continue to be a key support position for the Information Technology department. Key characteristics of this position include supporting, managing, organizing and documenting Information Technology projects. The project management position is important to the execution of the County's Information Technology department's overall objectives. The position will report to the Deputy Director of Information Technology and will work closely with the Information Technology staff and all County departments to support technology projects throughout.

Thank you for your consideration in this matter.

Sincerely,

AnneMarie Ambrose

WAYS & MEANS

Anthony J. Picente, Jr.
Oneida County Executive
800 Park Avenue
Utica, NY 13501

Dear County Executive Picente,

The attached agreement is for the Cornell Cooperative Extension Association (the "Association") to provide agriculture education in Oneida County schools.

This agreement is a product of the Dairy Steering Committee created as a part of the Oneida County Dairy Farmer Sustainability Action Plan. It will expand access to agricultural education to all school-aged children in the County. (Currently only four of the fifteen school districts in Oneida County have agriculture programs.) The Association will provide Agriculture in the Classroom curriculum, which is aligned with the New York State Learning Standards, through an educator that will be its employee. Upon request by the school, the educator would visit any Kindergarten through 12th Grade classroom in the County and provide direct instruction. The educator would also act as a point of contact for those interested in expanding afterschool agriculture programming and for information on agricultural career development. This program model is already in use by cooperative extensions in other counties.

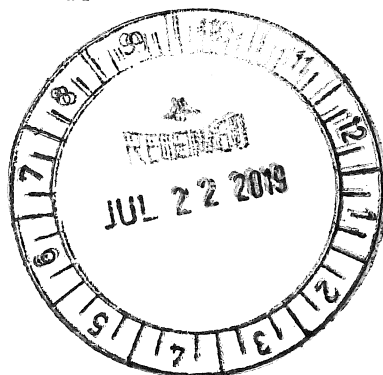

Pursuant to the attached agreement, the Association shall provide the services beginning upon execution and ending December 31, 2019 for a sum of \$24,003.96. Starting January 1, 2020 it is anticipated that the annual appropriation for the Association will include funding to continue its provision of these services to our schools.

Please consider the enclosed contract with Cornell Cooperative Extension Association for the above-mentioned services. If it meets with your satisfaction, please forward the same to the Board of Legislators.

Thank you for your continued support.

Sincerely,

Thomas B. Keeler
Director of Budget

Re: 2019 Resource Allocation Plan

Dear Mr. Picente:

We are submitting the attached Resource Allocation Plan for the year 2019 for review and approval by the Board of Legislators.

The Plan allocates funding from the New York State Office of Children and Family Services to the entities contracting with the Oneida County Youth Bureau. The allocation of state funding is in the amount of \$304,485.00 which provides support to 25 different agency programs and 18 different programs provided by localities in Oneida County.

I am respectfully requesting your approval and that this matter be forwarded to the Board of Legislators for action as soon as possible. Thank you for your consideration.

Very truly yours,

Kevin M. Green

Re: Taxiway "E" Connector Grant – Design only

Dear County Executive Picente,

Please consider acceptance of a grant offer for Airport Improvement Program (AIP) in the amount of \$140,400 for Taxiway "E" Connector design, Federal Aviation Administration Grant # 3-36-0119-49-2019. The total cost of the design is \$156,000. Federal share 90% \$140,400, State share 5% \$7,800, and County share 5% \$7,800.

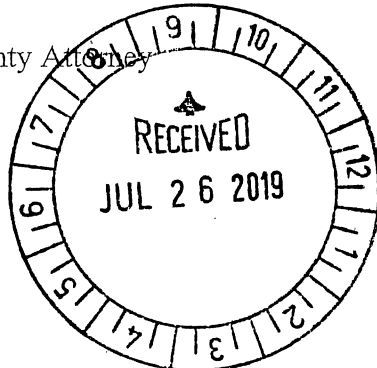

Please consider establishing a new Capital Account for Taxiway "E" Connector and funding the same as noted above.

The offer was received this week and must be returned to the FAA no later than August 11, 2019.

If you concur, please forward to the Board of Legislators for consideration at their next meeting.

Very truly yours,

Amanda Lynn Cortese
Special Assistant County Attorney

July 30, 2019

Gerald J. Fiorini, Chairman.
Oneida County Board of Legislators
800 Park Avenue
Utica, NY 13501

Dear Chairman Fiorini:

Griffiss International Airport was notified on July 23, 2019 that it was the receipt of grant funds out of the Airport Improvement Program (AIP). The County has to respond to the Federal Aviation Administration no later than August 11, 2019 if they would like the funds.

Commissioner, Chad Lawrence, has notified this office that they do want to accept the grant. The grant FAA Grant #3-36-0119-49-2019 will be used to do the design work needed to access and establish what improvements are needed on Taxiway "E" Connector. This grant does have a local share cost of five percent and a state cost of five percent with the federal government picking up ninety percent of the cost.

A capital project was established, H-593 Griffiss – Taxiway "E" Connector which requires a transfer from the General Fund to cover the local share for the grant.

I therefore request your Board's approval for the following 2019 Transfer of Funds:

TO:

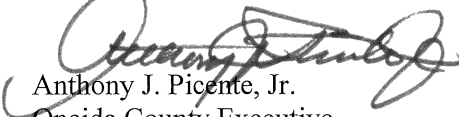

A – 9950.9 Transfer to Capital Fund..... \$7,800.00

FROM:

A - 5620.4933 Service Contracts..... \$7,800.00

Thank you for kind attention to this request.

Re: Granting of Easement
Niagara Mohawk Power Corporation
Oneida County Water Pollution Control Plant Upgrades

Dear County Executive Picente:

Part of the ongoing upgrades at the Oneida County Water Pollution Control Plant involves constructing a new substation for the facility. The new substation will replace the existing facility substation that is approximately fifty (50) years old.

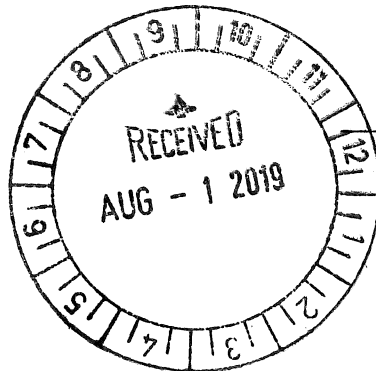

In order for Niagara Mohawk Power Corporation to install their equipment and power up the new substation, they need an easement from Oneida County so they can do work and install their equipment in the substation area. A copy of the proposed easement, which I received today, is attached to this letter.

Time is of the essence in this matter. Contractors have been delayed in their work progress because of the delay that Niagara Mohawk Power Corporation has imposed on the project. Unless Niagara Mohawk Power Corporation gets done with their work so that contractors can continue their work, the County may be subject to delay claims from the contractors.

I am available to meet with you at your convenience to discuss this request and explain it in more detail. I respectfully request that this item be considered by the Board of Legislators at their **August 14th** meeting. Thank you for your consideration in this matter.

Sincerely,

Steven P. Devan, P.E.
Commissioner

Dear County Executive Picente,

WAYS & MEANS

Oneida County was awarded a \$200,000 incentive from Empire State Development for reconstruction of the Railway Express Agency Building. Work is complete and the enclosed Grant Disbursement Agreement Amendment must be executed prior to submitting a request for disbursement.

The amendment will adjust obligatory renovation and construction costs to equal actual expenditures.

All disbursement requests must be submitted no later than October 1, 2019. **Therefore, if the enclosed documents are acceptable, I respectfully request consideration by the Oneida County Board of Legislators no later than September 11, 2019.**

Thank you for your continued support.

Re: HG-567 Funding
North Utica Interceptor Phase II-Canal Crossing

WAYS & MEANS

Dear County Executive Picente:

On November 8, 2017, the Board of Legislators approved Resolution #317 which established Capital Project HG-567, North Utica Interceptor Phase II-Canal Crossing for \$5 million. It was originally thought this project would come in under budget so only \$4.5 million was borrowed. Bids have now been received for the project and the project is coming in more than \$4.5 million. Consequently, the project needs to be fully funded at \$5 million.

Rather than bond for the additional funds, it was thought that a better approach would be to appropriate money from the Department fund balance to fully fund the project. I therefore request your Board's approval of the following 2019 transfer:

TO: HG-567 - 5031 Transfer from Water Pollution..... \$500,000
FROM: HG-567 - 5710 Bonded Funds..... \$500,000

I am also requesting the following supplemental appropriation:

TO: G-9950.9 Transfer to Sewer Capital Fund..... \$500,000

This supplemental appropriation will be fully supported by:

G599 Unappropriated Fund Balance..... \$500,000

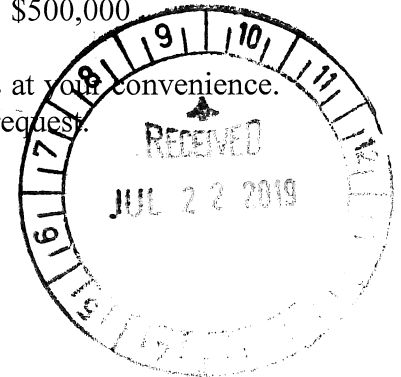

I would appreciate consideration of this request by you and Board of Legislators at your convenience. I am available to meet with you or the Board at your convenience to discuss this request.

Sincerely,
THE ONEIDA COUNTY DEPARTMENT OF WATER QUALITY AND WATER POLLUTION CONTROL
