Re: Request to Create One (1) Paralegal Assistant Position

Dear County Executive Picente:

Enclosed herewith is correspondence from District Attorney, Scott D. McNamara, requesting the addition of one (1) Paralegal Assistant position to the District Attorney's and detailing the need for this position. District Attorney McNamara has filed the necessary Form MSD-222 with my office for classification of this position. The title Paralegal Assistant is allocated as Grade 25W, Step 4, with a starting salary of \$43,074.

If you concur, I respectfully request that you forward this recommendation to the Board of Legislators for consideration at their next meeting. As always, I am available to address any questions or concerns that either you or the Board may have regarding this matter.

Respectfully submitted,

Amanda L. Cortese-Kolasz
Commissioner of Personnel

Chairman Gerald J. Fiorini,

I respectfully request that the Board of Legislators add two (2) positions to the District Attorney's Office staff. As discussed in our meeting last week with the County Executive and as I have advised the Board previously, the state legislature passed numerous new laws over the past four years that collectively have been referred to by many as the "Criminal Justice Reforms." As part of the reform laws, the state replaced the former discovery laws with new discovery laws that mandated the People provide full discovery in all cases. Without getting into the weeds with the technicalities, these new requirements have crippled my office and other District Attorney's office throughout the state. For my office to continue to provide discovery in a timely fashion, it is necessary to add two more positions to my staff - a Court Reporter, Grade 30W and a Paralegal Assistant, Grade 15W.

The state has given Oneida County grants to help offset the increased costs created by the Criminal Justice Reform laws. Our county received \$1,035,524 for 2023 and we received \$971,939 for 2022. Based upon statements made by the Governor and the New York State Division of Criminal Justice Services, I anticipate that this grant stream will continue to be available in the future.

Sincerely,

Scott D. McNamara

Re: Request to Change District Attorney's Office Bureau Chief Designations

Dear County Executive Picente:

By Board of Legislators' Resolution No. 462 of 1999, the Board designated six (6) Bureau Chiefs in the District Attorney's Office to establish a mid-level review criteria for monitoring prosecution of cases. Those Bureaus were Special Victims, Drugs/Gambling/Vice, Appeals, DWIs, Grand Jury and Felonies. Thereafter, by Board Resolution 89 of 2007, an additional Bureau titled Investigative Unit was added.

I am in receipt of correspondence from District Attorney, Scott D. McNamara, request that the Bureau Chief Designations be changed to the following: Special Victims, Narcotics, Local Criminal Court, General Felony, GIVE/Community Outreach Program, and Administrative Assistant. A copy of said correspondence is enclosed herewith for your review.

If you concur, I respectfully request that this matter be forwarded to the Board of Legislators for consideration at their next meeting.

Respectfully submitted,

Amanda L. Cortese-Kolasz
Commissioner of Personnel

Re: Request to Create One (1) Court Reporter Position

Dear County Executive Picente:

Enclosed herewith is correspondence from District Attorney, Scott D. McNamara, requesting the addition of one (1) Court Reporter position to the District Attorney's office to take and transcribe testimony before Grand Juries and detailing the need for this position. District Attorney McNamara has filed the necessary Form MSD-222 with my office for classification of this position. The title Court Reporter is allocated as Grade 30W, Step 4, with a starting salary of \$51,569. Pursuant to New York State Judiciary Law § 327, the incumbents in these positions in Oneida County are also compensated for production of the transcript as follows: for regular delivery, between \$2.50 per page and \$3.15 per page for an original plus \$1.00 per page for each copy; for expedited delivery, between \$3.15 per page and \$4.25 per page for an original plus \$1.10 per page for each copy; and for daily delivery, between \$3.75 per page and \$5.25 per page for an original plus \$1.25 per page for each copy.

If you concur, I respectfully request that you forward this recommendation to the Board of Legislators for consideration at their next meeting. As always, I am available to address any questions or concerns that either you or the Board may have regarding this matter.

Re: Authorization to Submit Funding Applications
Water Infrastructure Improvement Act (WIIA) Grant Program

FN 20 23 - 245

Dear County Executive Picente:

On May 3, 2023, the New York State Environmental Facilities Corporation (NYSEFC) announced that applications are now being accepted for project funding through the Water Infrastructure Improvement Act (WIIA) program. Successful applications can receive grants in the amount of 25-percent of the total project cost.

The Department of Water Quality and Water Pollution Control is seeking grant funding for the following projects:

Ultraviolet Effluent Water Disinfection System: The Water Pollution Control Plant (WPCP) currently utilizes sodium hypochlorite and sodium bisulfite for disinfection of the treated effluent water prior to discharge to the Mohawk River. Ultraviolet (UV) disinfection is being proposed as an alternative to chemical disinfection due to concerns with reliably meeting the stringent total chlorine residual effluent limits imposed by NYSDEC through the SPDES permit that was issued to Oneida County.

The concept of this proposed project is to discontinue use of chemical disinfection for treated final effluent water and replace that with a UV disinfection system. This would entail installing a UV system in one of the existing chlorine contact tanks and constructing a weather-proof enclosure for control panels, spare parts, and storage during the winter months. Our engineering consultants have conservatively estimated the total project cost to be approximately \$6M. We are seeking WIIA grant funding of \$1.25 million to offset the total project cost.

Sauquoit Creek Pumping Station Resiliency Enhancements - The Sanitary Screen Facility at the Sauquoit Creek Pumping Station (SCPS) was constructed to replace two antiquated manual bar screens located in the existing SCPS influent channels. The facility, which has been in operation for over two years, is designed for a 38-mgd flow and includes two (2) new 38-mgd rated mechanical bar screens, each paired with designated washer compactor and discharge conveyors for compacted screenings. Despite major reductions in excessive inflow/infiltration from the numerous sewer rehabilitation project undertaken in the Sauquoit Creek Basin service area, actual peak flows at the SCPS appear to be trending upward most likely due to more severe weather and more intense storm events occurring more often than in the past. Managing the extreme peak flows during intense storm events are operational challenges especially when one screen is out of service.

The proposed enhancements would include the addition of a third channel and screen with associated compactor to improve the systems performance at peak flow and screenings loading. This will provide the screening facility with increased redundancy to improve performance during high flow conditions. The construction of an equivalently sized channel with optimized flow distribution and similar screening facilities to the existing two channels will serve to minimize operations and maintenance burdens and reduce the risk of potential regulatory violations. Our engineering consultants have estimated total project costs to be approximately \$11M. We are seeking WIIA grant funding of \$2.75 million to offset the total project cost.

Supplemental Collection System Rehabilitation (District-wide) - Since 2008, the County has engaged in sanitary sewer collection system rehabilitation projects. These projects were undertaken to reduce the amount of inflow and infiltration (I/I) entering the system due to defects in interceptor sewers, mainline sewers, lateral connections, and manhole structures.

The collection system rehabilitation work has notably reduced the volume of storm/groundwater entering the sewer system, particularly in the Sauquoit Creek Basin. However, substantial I/I continues to persist. Additionally, it has been discovered that excessive I/I in the Starch Factory Creek Interceptor Sewer (which serves East Utica and along with portions of the Towns of New Hartford and Frankfort) and North Utica Interceptor Sewer (which serves the Towns of Deerfield, Marcy, and Schuyler along with North Utica and Village of Holland Patent) is substantial during severe wet weather and negatively impacts WPCP operations. Therefore, a supplementary phase of collection system evaluation and rehabilitation is warranted to further identify and reduce I/I.

Our engineering consultants have conservatively estimated total project cost is \$26M. This project is currently designated to potentially receive \$10.5M in federal infrastructure grant funding. We are seeking grant funding through the WIIA program in the amount of \$6.5 million to further offset the total project cost.

Therefore, I am requesting authorization from you and the Board of Legislators (via Board Resolution) to prepare and submit WIIA grant applications for the above-described projects on behalf of Oneida County, including authorization for the County Executive to sign the applications and supporting documents, including grant disbursement agreements should funding be awarded.

Applications are due July 28, 2023.

Thank you for your consideration of this request.

Sincerely,

Karl E. Schrantz, P.E.
Commissioner

Re: Grant Agreement for Fiber Optic Broadband Internet

Dear County Executive Picente:

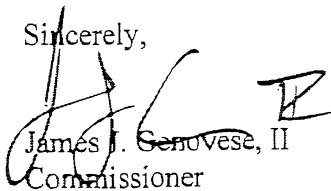

This letter requests that the Oneida County Board of Legislators pass a Resolution authorizing a grant agreement with Adirondack Techs, LLC for the build-out of fiber optic broadband internet service in nine areas of the County; the towns of Vienna, Augusta, Forestport, Ava, Boonville and Remsen. The agreement will be for an amount not to exceed \$1,901,876.00. The term of the agreement will be for five years. Construction is anticipated to be complete within a year, after which the company will be required to provide customer service, invoicing, and other services to its new customers.

The County received a federal grant to provide broadband internet service in unserved areas. There is currently \$2 million in funding available. We hope to augment this funding with support from localities. In January 2023, the Department of Planning issued a request for proposals asking internet service providers to examine a County-prepared map of 39 areas of the County and to make proposals for providing fiber broadband to some or all of the areas. The Department received responses from five internet service providers and ranked them. A selection committee was formed and identified two winning proponents, Adirondack Techs, LLC—to build out the nine areas described above for a price not to exceed \$1,901,876—and Spectrum, to complete the tenth area for a price not to exceed \$49,091.

The Board of Acquisition and Contract has approved this agreement with Adirondack Techs, LLC. If the foregoing meets with your approval, I ask that you please forward the same to the Board of Legislators for consideration at its next meeting.

Please feel free to call me if any additional information is required. Thank you for your continued support.

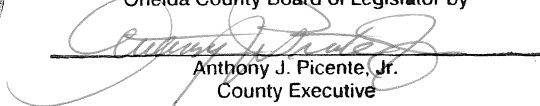

Sincerely,

James J. Genovese, II
Commissioner

**ONEIDA COUNTY BOARD
OF LEGISLATORS**

Name & Address of Vendor: Adirondack Techs, LLC
30 Town Barn Road North
St. Regis Falls, New York 12980

Title of Activity or Service: This grant agreement is between Oneida County and Adirondack Techs, LLC to provide high speed fiber-optic broadband internet service to nine areas of the County, located in the towns of Vienna, Augusta, Forestport, Ava, Boonville, and Remsen.

Proposed Dates of Operation: Operations to commence on execution. We expect construction to be complete within one year, but the term of the Agreement is for five years because Adirondack Techs will be required to provide post-construction services to its customers, such as customer service, technical support, and billing.

Client Population/Number to be Served: Oneida County

Summary Statements

- 1) **Narrative Description of Proposed Services:** Oneida County received federal grant funding to provide fiber internet service to rural areas. This agreement will provide \$1,901,876 to the vendor to build out a fiber-optic internet network in nine areas of the County, located in the towns of Vienna; Augusta; Forestport; Ava; Boonville; and Remsen. The County anticipates that certain localities will provide funding toward the build-out, in which case additional areas may be served.
- 2) **Program/Service Objectives and Outcomes:** To provide high-speed internet service to rural areas of the County.
- 3) **Program Design and Staffing:**

MINUTES
ONEIDA COUNTY BOARD OF ACQUISITION AND CONTRACT

DATE: June 7, 2023; 11:00 a.m.

LOCATION: Via-Teleconference

Roll Call:

County Executive: Present
Chairman of the Board: Present
Commissioner of Public Works: Present

Report of Officials: Present

Motion to accept all items on the June 7, 2023, Board of Acquisition and Contract Agenda: Mr. DiGennaro

Second By: Mr. Fiorini

Ayes: 3

Nays: 0

1. Acceptance of a Proposal for a Grant Agreement between Oneida County and Adirondack Techs, LLC. (Contract #180218) for the build-out of fiber broadband internet networks in rural areas. Oneida County will act as the grantor and Adirondack Techs, LLC. will act as the grantee. Oneida County solicited proposals from qualified vendors and an award to Adirondack Techs, LLC. is recommended. The agreement begins upon execution and is for a five-year term. The total cost for this agreement shall not exceed \$1,901,876.00. 100% of the cost is funded and reimbursable through Federal Grants. Upon Recommendation of James Genovese and Al Barbato.
HPLN-114.89892
2. Award BRN #2119 extension for Equipment Rental and Production Cold Milling. On April 7, 2021, bids were opened and awarded to the lowest bidders (all bidders) for Equipment and Production Cold Milling. We have received letters from Alliance Paving, Suit-Kote, Gorman Brothers, John Spinella Excavating, and Dolomite (AKA-Ulster Paving Co.) requesting the extension of BRN #2119 using all of the terms, conditions, and pricing as described in the original contract. Approval of the second and final forementioned extensions is requested, with renewal term beginning May 1, 2023, and ending April 30, 2024, using all original contract terms and conditions. Upon recommendation of Christopher Burtch and Al Barbato.
3. Award Bid Reference No. 2232, Highway Construction Materials Groups 1-6. On May 11, 2023 sealed bids were opened and the following awards to the lowest bidders are recommended:

Group 1 – Plant Mixed Bituminous Concrete and Stockpile Patching Material:

Accept all bids for F.O.B. Bidder's Plant.

Purchase amounts will vary; primary payment accounts are H-614 and D5110.491

Accept low proposals from Barrett Paving Materials (Clayville) for Delivered Stockpile Patching Material as follows:

District 1 - \$93.25 per ton, 500 Tons Delivered Price: \$46,625.00 (Clayville)

Group 2 – Abrasives:

Accept all bids for F.O.B. Bidder's Plant, except Preston Hill Gravel, and Harvey Materials (all locations) until certification has been submitted and approved by our department, prices submitted from Hanson Preston Hill Gravel & Harvey Materials (all locations) are pending.

Purchase amounts will vary, dependent on weather; primary payment accounts are D5144.491 and D5142.491

Group 3-6 – Hot Mix Asphalt, Crushed Stone & Gravel, Cushion Sand, Topsoil, Stone Filling, and Granular Material: Accept all bids for F.O.B. Bidder's Plant.

Purchase amounts will vary; primary payment accounts are H-614 and D5110.491

NOTE: All items are open for other municipalities and county departments to utilize except Delivered Stockpile Patching Material

Upon recommendation of Christopher Burtch and Al Barbato

4. Approval of an agreement between Fitzgerald, DePietro & Wojans, C.P.A.s. P.C (Contract #179954) and Oneida County. Fitzgerald, DePietro & Wojans, C.P.A.s. P.C. will conduct state mandated Compliance Review of the Department of Mental Health 2022 Consolidated Fiscal Report (CFR). The contract for this agreement is for a maximum amount payable of \$3,400.00. The cost of which is 49% State Reimbursement (\$1,666.00) and 51% Oneida County Tax Dollars (\$1,734.00). The contract term begins on or about January 20, 2023, and has an anticipated end date of May 31, 2023, or until Compliance Review and Report are complete. Upon Recommendation of Ashlee Thompson and Al Barbato.
5. Award Bid Reference No. 2234, Liquid Bituminous & Portland Cement Materials. On May 26, 2023, sealed bids were opened, and the following awards are recommended to the lowest bidders:

<u>Item 1 – Liquid Bituminous Materials</u>	<u>Bidder</u>	<u>Price</u>
<u>Item No. and Description</u>		
Asphalt Emulsion HFRS-2p	Suit-Kote Corporation, 1911 Lorrings Crossing Road, Cortland NY	Per Bid Sheets

RE: Public Hearing on 2023 Agricultural District Open Enrollment Applications

FN 20 23 - 247

Dear Mr. Billard,

Pursuant to Article 25AA, Section 303, and by the recommendation of the Oneida County Agricultural and Farmland Protection Board (OCAFPB), I hereby make the following recommendations for the 2023 Agricultural District Open Enrollment.

The OCAFPB held a Public Hearing for the 2023 Agricultural District Open Enrollment on Wednesday, June 7, 2023, at 6:00 P.M. at Paris Town Hall, 2580 Sulphur Spring Rd, Sauquoit, NY 13456.

There were no adverse comments received concerning the modifications to the Districts in the Towns of Augusta, Florence, Vernon, and Westmoreland. After reviewing the applications for the 2023 Open Enrollment to the State Certified Agricultural District program, the OCAFPB recommends all the modifications to the Districts.

Respectfully submitted.

Brymer Humphreys, Chairperson
Oneida County Agricultural and Farmland Protection Board

RE: Public Hearing on Agriculture District 6 Applications

FN 20 23 - 248

Dear Mr. Billard,

Pursuant to Article 25AA, Section 303, and by the recommendation of the Oneida County Agricultural and Farmland Protection Board (OCAFPB), I hereby make the following recommendation for Agriculture District 6 Towns of Bridgewater, Marshall, Paris, and Sangerfield.

The OCAFPB held a Public Hearing for Agriculture District 6 on Wednesday, June 7, 2023, at 6:00 P.M. at Paris Town Hall, 2580 Sulphur Spring Rd, Sauquoit, NY 13456.

There were no adverse comments received concerning the modifications of Agriculture District 6. After reviewing Agriculture District 6, the OCAFPB recommends all the modifications to the Districts.

Respectfully submitted.
