PETITION BY ONEIDA COUNTY, N. Y., BOARD OF LEGISLATORS

for

MEMORIALIZING PETITION

FN 20 14 - 420 F.N. 2014 -

SPONSORS: Messrs. Mandryck, Welsh

READ & FILED

MEMORIALIZING PETITION URGING GOVERNOR CUOMO AND THE STATE LEGISLATURE TO USE 50% OF THE 4.5 BILLION LEGAL SETTLEMENT FUNDS TO SUBSTANTIALLY INCREASE THE STATE INVESTMENT IN THE STATE'S LOCALLY OWNED ROADS, BRIDGES AND CULVERTS IN THE 5-YEAR TRANSPORTATION CAPITAL PLAN

WHEREAS, the State plans to develop a new 5-Year Transportation Capital Plan designed to assess current conditions and determine investments needed to provide for the future needs of a modern, safe, reliable and efficient multimodal transportation system; and

WHEREAS, the Consolidate Highway Improvement Program (CHIPS) and Marchiselli program funds are vital to county and local highway departments in order to maintain and upgrade important components of the local transportation system, including acquiring necessary highway equipment and materials; and

WHEREAS, the CHIPS funding level for 2014-2015 SFY Budget is \$438 million, Marchiselli (the state matching funds available for federally-aided local road and bridge projects) has remained flat for nearly a decade at \$39.1 million and there is no dedicated funding for a badly needed state aid to local bridge and culvert program; and

WHEREAS, New York counties greatly appreciate the enhancement in CHIPS enacted in the 2013-14 budget as well as the one-time boost of \$40 million in the 2014-15 budget to help local governments better maintain and improve local transportation infrastructure; and

WHEREAS, this State support helps address the needs of locally owned roads and bridges, which account for 87 percent of the State's 110,000 miles of roadways and 50 percent of the State's 18,000 bridges; and

WHEREAS, a safe and efficient highway infrastructure is necessary for trade, economic development and revitalization, job creation and retention, schools, agriculture, businesses, health and hospital facilities and emergency responders, as well as the general traveling public; and

WHEREAS, despite recent funding increases, local infrastructure maintenance needs are still great, and further increases in CHIPS funds are necessary for bridge and pavement preservation and resurfacing work to extend the life of local highway and bridge infrastructure; and

WHEREAS, the failure of current federal transportation funding programs to direct necessary investment to locally-owned highways and bridges, coupled with inadequate revenues from the gasoline tax that lead to shortfalls in the federal Highway Trust Fund is putting pressure on the State and local governments to adequately fund local transportation needs; and

WHEREAS, roughly one-third of the 8,535 bridges maintained by New York's local governments are structurally deficient or functionally obsolete, which has been fueled by chronic underfunding creating systemic risks; and

WHEREAS, the State Department of Transportation (DOT) capital plans have proposed the establishment of a \$250 million State Aid to Local Bridge Program, but this initiative has not been included in the State's capital plans despite the fact that the number of deficient bridges is expected to increase by another 1,500 in the next few years under stagnant funding levels; and

WHEREAS, a state aid to local bridge and culvert program is a proven method of funding improvements to local bridge and culvert infrastructure in a way that will help further stimulate the economy of the State and help secure the safety of the traveling public; and

WHEREAS, for the past two years, the Federal transportation aid allocation to NY has been primarily directed to the major systems (interstates, arterials, expressways and major urban connectors) and away from locally- and even State-owned roads and bridges resulting in as much as 40 percent less federal dollars available for local projects; and

WHEREAS, the State's ability to invest in vital infrastructure needs are significantly improved due in part to the State receiving over \$4.5 billion in legal settlements in the past year.

NOW, THEREFORE, BE IT RESOLVED, that the Oneida County Board of Legislators calls upon the State of New York to recognize the ongoing funding needs of the local transportation system and ensure that local programs like CHIPS and Marchiselli are funded at adequate levels to address the state of disrepair; and

BE IT FURTHER RESOLVED, in addition to the current CHIPS and Marchiselli funding the State should allocate up to 50 percent of the \$4.5 billion in legal settlement funds to local transportation infrastructure needs and support a multi-year program that can address unmet local transportation infrastructure needs on a pay-as-you-go basis; and

BE IT FURTHER RESOLVED, that the next 5 Year Transportation Capital Plan should include a multi-year State Aid to Local Bridge and Culvert Program to direct the necessary state investment in locally-owned bridges and culverts to improve the safety and functionality of the local transportation system that is vitally important to the state's economy and the millions of citizens who rely on local roads every day to get them to and from work, home and school; and

BE IT FURTHER RESOLVED, that a copy of this Petition shall be forwarded by mail to the following: Governor Andrew Cuomo, Congressman Richard L. Hanna, United States Senator Charles E. Schumer, United States Senator Kirsten E. Gillibrand, New York State Senator Joseph A. Griffo, New York State Senator David Valesky, New York State Assembly Representative Anthony Brindisi, New York State Assembly Representative Claudia R. Tenney, New York State Assembly Representative Ken Blankenbush, New York State Assembly Representative William Magee, New York State Assembly Marc Butler, County Executive Anthony Picente, and all others deemed necessary and proper.

Re: Ignition Interlock Monitoring Program
Reimbursement Grant
A3140.413/Revenue Account #: A3310

WAYS & MEANS

Dear Mr. Picente:

Enclosed is a Contract with DCJS wherein they will once again reimburse us for our efforts to ensure DWI offenders have Ignition Interlock Devices installed on their vehicles by our monitoring efforts. This \$54,333 Grant is the fifth year of reimbursement. I am doubtful this reimbursement will continue after this Grant period.

Nevertheless, we recommend the Board pass this Resolution to maximize our revenue without adding any new personnel.

After approval, please affix your E signature so that we can begin the vouchering process.

Your support of our programming continues to be appreciated.

Very truly yours,

DAVID TOMIDY

APPENDIX A

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, 'the contract' or 'this contract') agree to be bound by the following clauses which are hereby made a part of the contract (the word 'Contractor' herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6.a).

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee

hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, 'the Records'). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the 'Statute') provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.

(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements,

licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of 'a', 'b', and 'c' above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the 'Work') except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the

applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ('CPLR'), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. APPENDIX D - Work Plan**Goal**

To enhance public safety by providing Ignition Interlock Device (IID) monitoring activities for DWI offenders (including Youthful Offenders) who have been sentenced pursuant to Chapter 496 of the Laws of 2009 or otherwise ordered by a court pursuant to Chapter 169 of the Laws of 2013 to install and maintain an ignition interlock device in advance of sentencing or at sentencing in any motor vehicle which they own or operate.

Objective #1

To provide Ignition Interlock Device monitoring activities in Oneida County for all DWI criminal offenders pursuant to Leandra's Law who have been: a) Sentenced to Probation or Conditional Discharge on or after October 1, 2013, and having conditions requiring the installation and maintenance of Ignition Interlock Devices in vehicles owned or operated by the offender or, b) Ordered by the Court to install and maintain an Ignition Interlock Device in advance of sentencing in relation to commission of a Leandra's Law crime which occurred on or after November 1, 2013.

Task #1 for Objective #1

Designated monitoring agencies in the county will coordinate with their local judiciary and district attorney's office to receive pre-sentence/sentencing orders from the criminal courts pertaining to DWI criminal offenders pursuant to Leandra's Law who have been ordered to install and maintain ignition interlock devices in advance of sentencing, or as a condition of their Probation or Conditional Discharge sentence, in any motor vehicles which they own or operate.

Performance Measure

The number of Probation and Conditional Discharge sentencing orders, and other judicial orders in advance of sentencing having IID related conditions received by the jurisdiction's IID monitor(s) from all criminal courts within Oneida County.

Task #2 for Objective #1

To coordinate the reimbursement for Ignition Interlock Device (IID) court orders received for designated monitoring agencies within Oneida County as follows: The grantee will complete the quarterly reporting form entitled COUNTY MONITORS REPORT OF IGNITION INTERLOCK DEVICE PRE-SENTENCE/ SENTENCING ORDERS RECEIVED AND INSTALLATION STATUS which should be submitted to DCJS in Microsoft excel spreadsheet format. This form will provide the DCJS Office of Probation and Correctional Alternatives (OPCA) with basic data as to the monitoring services provided and will also be the basis upon which reimbursement claims are made. Offenders should only be entered in one quarterly report - cases which receive monitoring services subsequent to that initial entry should NOT be entered on subsequent quarterly reports. Grantees will indicate on the report form as provided, whether the offender has been ordered to install the ignition interlock device in advance of sentencing or at sentencing. During the reporting period for each quarter of the contract year, Oneida County will submit the required fiscal paperwork including vouchers and supporting documentation to DCJS Finance Office and upon receiving reimbursement from DCJS distribute monies to the designated monitoring agency(ies), whichever is applicable. A case may only be claimed for reimbursement a single time when the installation of the IID is ordered by the court. If a case has been claimed in advance of sentencing, it cannot be again claimed following sentencing. Further, only the jurisdiction where installation of the IID is ordered in advance of sentencing or at sentence may claim reimbursement. Subsequent intrastate transfer of the IID case does not qualify the receiving jurisdiction to claim reimbursement.

Performance Measure

1 The number of cases submitted for reimbursement according to the procedures outlined in Task #2 above.

Task #3 for Objective #1

All operators court ordered to have an ignition interlock device installed pursuant to Leandra's Law and/or its amendments shall be registered in the New York State (NYS) Department of Motor Vehicles (DMV) License Event Notification System (LENS), or comparable system for the duration of the period of Probation, Conditional Discharge, or the pre-sentence Ignition Interlock order, where the probation department or other monitoring agency is permitted access to LENS.

Performance Measure

The number of vehicle operators court ordered to have an ignition interlock device installed pursuant to such
1 aforementioned laws who are registered in NYS DMV LENS, or comparable system by the applicable monitor each quarter.

Task #4 for Objective #1

For all operators ordered to install an IID pursuant to such aforementioned laws, but who have not had such devices installed because of operator's claim that they do not own or operate any vehicle(s), the applicable monitor will make inquiries to NYS DMV at least once per quarter to ensure that no vehicles are registered or titled to such person.

Performance Measure

The number of operators ordered to install an IID pursuant to such aforementioned laws who have not had
1 such devices installed, regarding whom the applicable monitor has made inquiries to the NYS DMV to ensure that no vehicles are registered or titled to such person during each quarter.

Task #5 for Objective #1

For vehicles found registered or titled to those operators ordered to install an IID pursuant to such aforementioned laws, but who have not had such device installed because of operator's claim that they do not own or operate any vehicle(s), the applicable monitor will notify the court and district attorney forthwith and consider instituting violation actions where appropriate.

Performance Measure

The number of notifications made by the applicable monitor to courts and district attorneys regarding those
1 operators with vehicles found registered or titled to them but who have not had an IID installed because of the operator's claim that they do not own or operate any vehicle(s).

APPENDIX D - Special Conditions

OPCA Special Conditions

Notwithstanding any other provisions of the AGREEMENT, the following Special Conditions are incorporated into the AGREEMENT between the parties as though set forth in its entirety therein and shall, with the exception of the provision of Appendix A, STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS, be controlling.

A not for profit organization operating on a multi-year contract may, at the sole discretion of the STATE, be issued a fifth quarter advance against the succeeding year's appropriation, pursuant to State Finance Law, Section 179 u.

2. The CONTRACTOR shall provide, on STATE supplied case monitoring forms, client/participant specific data as called for and delineated within those forms. Identification of client/participant names and disclosure of other PROGRAM records to the STATE shall be pertinent to performance under this AGREEMENT.

B. TERMINATION

1. The STATE shall have the right to terminate this AGREEMENT early for: (i) unavailability of funds; (ii) cause; (iii) without cause; or (iv) upon mutual consent.
2. The STATE may terminate this AGREEMENT if federal/state appropriation authorizations lapse and are not renewed, continued or reenacted or if funds are no longer made available pursuant to the laws controlling such authorizations and availabilities. However, if such authorizations or availabilities lapse and are not renewed, continued or reenacted, as to funds encumbered or available and to the extent of such encumbrances or availabilities, this AGREEMENT shall remain in effect for the duration of such encumbrances or availabilities unless this AGREEMENT is otherwise terminated by the STATE. Although the liquidity of encumbrances or availability of funds may be affected by budgetary hiatuses, a STATE budgetary hiatus will not by itself be construed to lapse this AGREEMENT, provided any necessary STATE appropriations or other funding authorizations therefore are eventually enacted.
3. The STATE may terminate the AGREEMENT immediately for cause upon written notice of termination to the CONTRACTOR: (i) if the STATE determines that the CONTRACTOR and/or any other identified SERVICE PROVIDER(S) fails to comply with the terms and conditions of this agreement and/or with any laws, rules, regulations, policies or procedures affecting this AGREEMENT, including but not limited for reason of vendor

4. The STATE reserves the right to terminate this AGREEMENT in the event it is found that the certification filed by the CONTRACTOR in accordance with New York State Finance Law §139 k was intentionally false or intentionally incomplete. CONTRACTOR shall be liable for the costs associated with such breach if caused by CONTRACTOR'S negligent or willful acts or omissions, or the negligent or willful acts or omissions of CONTRACTOR'S agents, officers, employees or subcontractors.

D. FUNDING

1. For performance based CONTRACTS, the CONTRACTOR shall promptly provide written notice to the STATE, via a separate letter, of special circumstances experienced by the PROGRAM in achieving its milestones and outcomes. Notwithstanding any fiscal provisions relative to reimbursement for milestones and outcomes, the CONTRACTOR may request written approval of the STATE to adjust a milestone and/or outcome to compensate for over achievement of PROGRAM participants. The reimbursement will be at the agreed upon participant cost for the milestone and/or outcome and in no event exceed the total maximum costs delineated in Appendix B or B1, where applicable.

2. Reimbursement to the CONTRACTOR will be made after the CONTRACTOR submits vouchers and supporting documents as established by the STATE and the CONTRACTOR is otherwise adhering to the AGREEMENT, including submission of necessary reporting documentation in a timely manner. Programmatic data shall be completed and submitted in accordance with timeframes and procedures established by the STATE. Failure to timely report may result in termination of contractual services. The CONTRACTOR agrees to provide detailed fiscal and other programmatic information in keeping with STATE instructions.

In addition to the four (4) progress reports referenced in Appendix A-1 which are required, for purposes of this grant award, the CONTRACTOR shall also submit quarterly reports and PROGRAM data involving receiving logs on the form: COUNTY MONITORS REPORT OF IGNITION INTERLOCK DEVICE SENTENCING ORDERS RECEIVED AND INSTALLATION STATUS. WAYS & MEANS

Dear Mr. Picente:

Attached are three (3) copies of an Amendment between Oneida County through its Health Department and EHR Advisory Group, LLC for the provision of implementing an electronic health record system to meet the needs of the Health Department.

The Oneida County Health Department desires to implement an electronic health record (EHR) system to meet the department's clinical requirements. EHR's objective will be to maximize the potential for a successful electronic health records system selection and implementation process that results in the attainment of system providers who will work with the EHR Advisory Group so the department may meet the requirements of "meaningful use" as set forth by the Centers for Medicare and Medicaid Services. EHR will work in conjunction with the department to develop "meaningful use" initiatives. This Amendment will provide the Original Agreement to extend the term to March 31, 2016 and an increase in reimbursement of \$16,000. The EHR Advisory Group, LLC will provide the Oneida County Health Department with additional EHR consulting services as provided in the Amendment.

Additional reimbursement to the Original Agreement of \$43,000 is in the amount of \$16,000 (to include travel expenses) for a total of \$59,000 is 36% reimbursed through Article 6 State Aid.

If this Amendment meets with your approval, please forward to the Board of Legislators.

HEALTH & HUMAN SERVICES WAYS & MEANS

Dear Mr. Picente:

The goal of the Public Health Emergency Preparedness Program is to protect the health of county citizens from disease outbreaks and natural and man-made disasters.

When constructing the 2015 budget we anticipated the clerical component of this program to be performed by a contracted individual. We have since decided that in order to maintain stability that it would be more advantageous to fill this role with a part time county employee.

In order to facilitate this, we are requesting the following transfer for the 2015 fiscal year.

From: A4092.195 – Other Fees & Services.....	\$11,544
To: A4092.102 – Temporary Help.....	\$10,485
A4092.830 – Social Security.....	802
A4092.840 – Workers Compensation.....	231
A4092.850 - Unemployment Insurance.....	26
Total:	\$11,544

Please request the Board to act on the above-mentioned at their earliest convenience.

If you have any questions, please do not hesitate to contact me.

I am submitting the following Purchase of Services Agreement for review and approval by the Board of Legislators per Board Resolutions and Local Law #3 of 2001, amending Article VIII, Section 802 of the Administrative Code.

Enclosed is a Purchase of Services Agreement with Cayuga Home for Children d/b/a Cayuga Centers for Family Functional Therapy & Multisystemic Therapy services.

- Functional Family Therapy (FFT) is a family-based prevention and intervention program for high-risk youth that addresses complex and multidimensional problems through clinical practice that is flexibly structured and culturally sensitive. Family Functional Therapy (FFT) & Multisystemic Therapy (MST)
with
Cayuga Home for Children d/b/a Cayuga Centers

Contractor will provide Functional Family Therapy (FFT) and Multisystemic Therapy (MST) to children who are at risk of out-of-home placement. The Functional Family Therapist requires a Master's degree and compliant with all required trainings to provide Functional Family Therapy. FFT Therapist and will carry a case load of 10-15 children and their families at any given time with 24 hour availability. The Multisystemic Therapist requires a Master's degree and compliant with all required trainings to provide Multi-Systemic Therapy. MST Therapist will carry a case load of 4-6 children and their families at any given time with 24 hour availability. The Contractor is Nationally Licensed to provide both Functional Family Therapy and Multisystemic Therapy and will maintain such license throughout the duration of this agreement.

Contractor has expertise and a thorough understanding of the Functional Family Therapy Model and the Multisystemic Therapy Model and a thorough understanding of the Social Services system and resources in the community. Both Family Functional Therapy and Multisystemic Therapy have been used as a means to facilitate permanency outcomes for youth at-risk of placement out of the home and reduce recidivism for youths involved in the child welfare system.

Functional Family Therapy (FFT) is a family-based prevention and intervention program for high-risk youth that addresses complex and multidimensional problems through clinical practice that is flexibly structured and culturally sensitive. The FFT clinical model concentrates on decreasing risk factors and on increasing protective factors that directly affect adolescents, with a particular emphasis on familial factors.

The program is for at-risk youth ages 11 to 18 and has been applied in a variety of multiethnic, multicultural contexts to treat a range of youth and their families. Targeted youth generally are at risk for delinquency, violence, substance use, and other behavioral problems.

FFT can consist of 8 to 12 one-hour sessions up to 30 sessions of direct service for families depending on the circumstances. Sessions are generally spread over a 3-month period and can be conducted as a home-based model. FFT integrates several elements (clinical theory, empirically supported principles, and clinical experience) into a comprehensive clinical model. The model has five specific phases: engagement,

motivation, relational assessment, behavior change, and generalization.

In the *engagement phase*, therapists concentrate on establishing and maintaining a strengths-based relationship with clients. The goals of this phase are to enhance the perception that the FFT therapeutic process will be responsive and credible, and demonstrate to clients that therapists will listen to, help, and respect them.

During the *motivational phase*, therapists concentrate on the relationship process between adolescents and their family. One goal of this phase is to create a motivational context, so that adolescents and their families will want to continue therapy and not drop out. In addition, therapists concentrate on decreasing the negativity often characteristic of high-risk youths and families, as well as hopelessness and low self-efficacy. During this phase, the idea is emphasized and reiterated that a positive experience in therapy can lead to a lasting change.

The *relational assessment* involves analyzing the relational processes of the family, in addition to creating treatment places for the behavior change and generalization phases. The emphasis shifts during this phase from an individual problem to a relational perspective. Therapists work on intra-family and extra-family capabilities, such as values, interaction patterns, sources of resistance, and resources.

The *behavior change phase* aims to reduce and eliminate the problem behaviors and accompanying family relational patterns through individualized behavior change interventions (skill training in family communication, parenting, problem-solving, and conflict management). Therapists work to develop change in behavior, while remaining aware of family members' abilities and interpersonal needs.

Finally, the goal of the *generalization phase* is to increase the family's capacity to adequately use community resources and to engage in relapse prevention. The emphases are on relationships between family members and multiple community systems.

Multisystemic Therapy (MST) is an intensive family- and community-based treatment that addresses the multiple determinants of serious antisocial behavior in at-risk youth. The multisystemic approach views individuals as being nested within a complex network of interconnected systems that encompass individual, family, and extra-familial (peer, school, neighborhood) factors. Intervention may be necessary in any one or a combination of these systems.

MST typically targets chronic, violent, and/or substance abusing youth who are at high risk of requiring (or returning from) out-of-home placement.

MST addresses the multiple factors known to be related to delinquency across the key settings, or systems, within which youth are embedded. MST strives to promote behavior

change in the youth's natural environment, using the strengths of each system (e.g., family, peers, school, neighborhood, indigenous support network) to facilitate change.

The major goal of MST is to empower parents with the skills and resources needed to independently address the difficulties that arise in raising teenagers and to empower youth to cope with family, peer, school, and neighborhood problems. Within a context of support and skill building, the therapist places developmentally appropriate demands on the adolescent and family for responsible behavior. Intervention strategies are integrated into a social ecological context and include strategic family therapy, structural family therapy, behavioral parent training, and cognitive behavior therapies.

MST is provided using a home-based model of services delivery. This model helps to overcome barriers to service access, increases family retention in treatment, allows for the provision of intensive services (i.e., therapists have low caseloads), and enhances the maintenance of treatment gains. The average duration of MST treatment is approximately 4 months.

Evaluations of MST have demonstrated:

- reduced long-term rates of placement in youth,
- reduced rates of out-of-home placements for at-risk youth,
- extensive improvements in family functioning,
- decreased mental health problems for at-risk youth,
- favorable outcomes at cost savings in comparison with usual mental health and juvenile justice services.

Director, Oneida County Youth Bureau

The Rome Police Department Juvenile Aid Division.

The juvenile aid division handles all incidents and issues that involve persons who are under the age of sixteen and un-emancipated. This includes, but is not limited to, all criminal incidents with juvenile offenders or victims, and also many non-criminal matters that require police intervention. Investigators and officers assigned are trained to interact with agencies such as the New York State Office of Children and Family Services (O.C.F.S.), the Oneida County Attorney's Office, Oneida County Probation Department and Oneida County Family Court. Juvenile investigators are trained to investigate crimes with a particular emphasis on prosecution when indicated and rehabilitation whenever possible. Youthful offenders are treated with special safeguards and procedures that assess the seriousness of each offense and determine the precise course of action that best suits the offenders and the community.

Duties of Juvenile Aid Investigators

Criminal investigations involving juveniles: These crimes require all of the same skills as those involving adults, with the added burdens of safeguarding the juveniles within the laws pertaining to them. Juvenile incidents have a far greater expectation of privacy and anonymity under New York State law, and these rights are scrupulously protected at all times. Young offenders, especially first-time offenders, require extensive oversight and protection to divert them from future recidivism. Youthful victims need clear and visible support from law enforcement, especially if issues exist concerning their immediate family and guardianship. The procedures and courts related to juvenile justice are separate and distinct from adult venues, and juvenile investigators and officers must be completely acquainted with these to effectively perform their duties.

Stationhouse Adjustment: This program was developed to encourage all police agencies to divert juvenile offenders with minor infractions from the justice system. Stationhouse adjustments are made when the investigators or officers determine that a juvenile has been involved in a minor incident and have little or no prior history of delinquent behavior. Juvenile investigators review all such cases and attempt to resolve them through means other than the signing of complaints

of juvenile delinquency. Methods involve the use of community service, assignment of restitution, referral to qualified counseling or youth associations and direct interaction between investigators and the juveniles.

School Resource Officer Program: The juvenile aid division also oversees the department's school resource officer program, keeping in contact to work closely with the Rome City School District in sharing information to keep the schools as safe as possible. School resource officers are trained, certified police officers, assigned full-time to Rome Free Academy and Strough Middle School as a police liaison and youth specialist for daily interaction with students, faculty and staff. This program places the juvenile aid division in direct contact with school children at a critical age, and is designed to address issues and intervene positively at the earliest stages of potential conflict. The officer also creates and promotes a positive image of law enforcement that aspires to attain optimal acceptance and cooperation with the community's younger members. Juvenile aid division personnel are charged with the protection and safety of society's most vulnerable members, and investigators and officers maintain strong contact with parents, schools, community groups and all individuals who share the goal of serving the youth of the City of Rome. The juvenile aid division receives annual funding through the New York State Office of Children and Family Services, which is used to supplement the salary of the juvenile aid division investigator. This funding is processed by Oneida County Youth Bureau and forwarded to the Rome City Treasurer and deposited in the city's general fund. The amount for the year 2013 was set at \$3,158.00. This amount represents the total allotment of funds that have been made available to operate the juvenile aid division.

Juvenile Aid Division Activity

Throughout the year 2013, the juvenile division handled a total of (403) four hundred and three youths. This number represents the unduplicated number of juveniles that are suspects in crimes and juveniles brought to police headquarters by their parents for counseling. Among the four hundred and three (403) juveniles processed in this office, forty-six have been issued appearance tickets to Oneida County Family Court or Oneida County Juvenile Probation for committing acts that

would constitute a misdemeanor or a felony, if committed by an adult. In reality, the juvenile aid division investigates more non-aggressive type felonies and misdemeanors than the above numbers reflect as these certain categories of cases are handled internally. Many times these types of cases are adjusted within the juvenile aid division when the victim and family can come to an agreement as to what is to happen with the juvenile suspect.

The Juvenile Aid Division Family court or juvenile probation will not accept juveniles for offenses, which include city code ordinances, harassments and vehicle and traffic problems. This includes the many cases of youths who become involved in minor physical altercations. In these cases, the extent of injury does not fit the definition of an assault. The juvenile investigator is then left with the responsibility to act as mediator between the suspects' family and the victims' family. If the child has been a persistent problem, their parents are advised to seek help through the P.I.N.S. referral program. P.I.N.S. refers to Person in Need of Supervision and is for juveniles under the age of 18 who do not attend school or who are incorrigible, ungovernable or habitually disobedient. The P.I.N.S. program is operated by the Oneida County Probation Department. The remaining youths had their case handled within the juvenile aid division. Many of these cases consisted of harassments, runaways and counseling. All of these offenses are the type that family court/juvenile probation, as a matter of law, cannot accept. An attempt is made to see the juvenile and his/her parents at police headquarters to discuss all complaints. A program that was instituted in 2002 by the Oneida County Probation Department is the domicile restriction program or electronic monitoring. The family court judge can order a juvenile placed on domicile restriction. Upon the order of the judge the juvenile is fitted with an electronic bracelet worn on the ankle. The receiver is hooked up to the home telephone. The juvenile is allowed to attend school and then given a set time in which to be at his/her home. The probation department monitors the juvenile. In 2013, fifteen juveniles from the City of Rome were placed on the domicile restriction program. Juveniles processed/served by the juvenile aid division are categorized as is required by the New York State Office of Children and Family Services as follows:

Gender: 257 males, 146 females

Ethnic categories: 287 white, 81 black, 33 Hispanic 2 Asian

Age: 0-9 (18)

10-15 (315)

6. Worker's Compensation Benefits.

In accordance with Section 108 of the General Municipal Law, this Contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this Contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

7. Non-Discrimination Requirements.

To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a Contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this Contract shall be performed within the State of New York, the Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this Contract. The Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this Contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

8. Wage and Hours Provisions.

If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither the Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, the Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. 9. Non-Collusive Bidding Certification.

In accordance with Section 103-d of the General Municipal Law, if this Contract is awarded based upon the submission of bids, the Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further affirms that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the County a non-collusive bidding certification on the Contractor's behalf.

10. Records.

The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this Contract (hereinafter, collectively, "the Records"). The Records shall include, but not be limited to, reports, statements, examinations, letters, memoranda, opinions, folders, files, books, manuals, pamphlets, forms, papers, designs, drawings, maps, photos, letters, microfilms, computer tapes or discs, electronic files, e-mails and attachments, rules, regulations and codes. The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The County Comptroller, the County Attorney and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this Contract, shall have access to the Records during normal business hours at an office of the Contractor within the County or, if no such office is available, at a mutually agreeable and reasonable venue within the County, for the term specified above for the purposes of inspection, auditing and copying. The County shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (a) the Contractor shall timely inform an appropriate County official, in writing, that said records should not be disclosed; (b) said records shall be sufficiently identified; and (c) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the County's right to discovery in any pending or future litigation. Notwithstanding any other language, the Records may be subject to disclosure under the New York Freedom of Information Law, for other applicable state or federal law, rule or regulation.

11. Identifying Information and Privacy Notification.

16. Gratuities and Kickbacks.

a. Gratuities. It shall be unethical for any person to offer, give, or agree to give any County employee or former County employee, or for any County employee or former County employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim, or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefor.

b. Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

17. Audit

The County, the State of New York, and the United States shall have the right at any time during the term of this agreement and for the period limited by the applicable statute of limitations to audit the payment of monies hereunder. The Contractor shall comply with any demands made by the County to provide information with respect to the payment of monies hereunder during the period covered by this paragraph. The Contractor shall maintain its books and records in accordance with generally accepted accounting principles or such other method of account which is approved in writing by the County prior to the date of this agreement. The revenues and expenditures of the Contractor in connection with this agreement shall be separately identifiable. Each expenditure or claim for payment shall be fully documented. Expenditures or claims for payment which are not fully documented may be disallowed. The Contractor agrees to provide to or permit the County to examine or obtain copies of any documents relating to the payment of money to the Contractor or expenditures made by the Contractor for which reimbursement is made to the Contractor by the County. The Contractor shall maintain all records required by this paragraph for 7 years after the date this agreement is terminated or ends.

If the Contractor has expended, in any fiscal year, \$300,000.00 or more in funds provided by a Federal financial assistance program from a Federal agency pursuant to this agreement and all other contracts with the County, the Contractor shall provide the County with an audit prepared by an independent auditor in accordance with the Single Audit Act of 1984, 31 U.S.C. §§ 7501, et seq., as amended, and the regulations adopted pursuant to such Act.

18. Certification of compliance with the Iran Divestment Act.

Pursuant Section 103-g of the General Municipal Law, by submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Bidder/Contractor, any person signing on behalf of any Bidder/Contractor and any assignee or subcontractor and, in the case of a joint bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the Office of General Services (OGS) website, that to the best of its knowledge and belief, that each Bidder/Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to State Finance Law § 165-a(3)(b).

Additionally, the Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Iran Divestment Act of 2012 within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The County reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a Contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a Contract and subsequently appears on the Prohibited Entities List.

Disclosure of this information by the seller or lessor to the County is mandatory. The principle purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their liabilities and to generally identify persons affected by the taxes administered by the New York State Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the County's purchasing unit contracting to purchase goods or services or lease the real or personal property covered by this Contract.

12. Conflicting Terms.

In the event of a conflict between the terms of the Contract (including any and all attachments thereto and amendments thereof) and the terms of this Addendum, the terms of this Addendum shall control.

13. Governing Law.

This Contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

14. Prohibition on Purchase of Tropical Hardwoods.

The Contractor certifies and warrants that all wood products to be used under this Contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law (Use of Tropical Hardwoods), which prohibits purchase and use of tropical hardwoods, unless specifically exempted by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the Contractor to establish to meet with the approval of the County.

In addition, when any portion of this Contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in Section 165 of the State Finance Law. Any such use must meet with approval of the County; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the County.

15. Compliance with New York State Information Security Breach and Notification Act.

The Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa).

16. Gratuities and Kickbacks.

a. Gratuities. It shall be unethical for any person to offer, give, or agree to give any County employee or former County employee, or for any County employee or former County employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim, or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefor.

b. Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

17. Audit

The County, the State of New York, and the United States shall have the right at any time during the term of this agreement and for the period limited by the applicable statute of limitations to audit the payment of monies hereunder. The Contractor shall comply with any demands made by the County to provide information with respect to the payment of monies hereunder during the period covered by this paragraph. The Contractor shall maintain its books and records in accordance with generally accepted accounting principles or such other method of account which is approved in writing by the County prior to the date of this agreement. The revenues and expenditures of the Contractor in connection with this agreement shall be separately identifiable. Each expenditure or claim for payment shall be fully documented. Expenditures or claims for payment which are not fully documented may be disallowed. The Contractor agrees to provide to or permit the County to examine or obtain copies of any documents relating to the payment of money to the Contractor or expenditures made by the Contractor for which reimbursement is made to the Contractor by the County. The Contractor shall maintain all records required by this paragraph for 7 years after the date this agreement is terminated or ends.

If the Contractor has expended, in any fiscal year, \$300,000.00 or more in funds provided by a Federal financial assistance program from a Federal agency pursuant to this agreement and all other contracts with the County, the Contractor shall provide the County with an audit prepared by an independent auditor in accordance with the Single Audit Act of 1984, 31 U.S.C. §§ 7501, et seq., as amended, and the regulations adopted pursuant to such Act.

18. Certification of compliance with the Iran Divestment Act.

Pursuant Section 103-g of the General Municipal Law, by submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Bidder/Contractor, any person signing on behalf of any Bidder/Contractor and any assignee or subcontractor and, in the case of a joint bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the Office of General Services (OGS) website, that to the best of its knowledge and belief, that each Bidder/Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to State Finance Law § 165-a(3)(b).

Additionally, the Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Iran Divestment Act of 2012 within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The County reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a Contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a Contract and subsequently appears on the Prohibited Entities List.

IN WITNESS WHEREOF, the parties hereto have signed this document on the day and year first above written.

City of Sherrill
Youth Development Programs
Municipal Swimming Pool and Summer Playground Program
June 1 – September 30, 2014
Projected Program Enrollment (450)

July 3, 2014

Description of Services

The City of Sherrill provides a municipal swimming pool and summer playground program for the youth of the City of Sherrill and surrounding immediate area. The City of Sherrill is cognizant of the importance of the physical and emotional health of children. These two programs have been established with the goal to provide an optimal physically and emotionally healthy environment for these children.

The City's Youth Development Programs address the features of positive developmental settings in many ways. The City provides physical and psychological safety by offering safe facilities. The City of Sherrill strives to keep the municipal pool up to date with all health regulations and provides a well trained experienced lifeguard staff. The Community Activity Center (CAC) where the playground program is run also continually monitored to meet health and safety standards. Clear and consistent rules are communicated and enforced at both programs and staff work to support children and the development of positive relationships during the programs. The programs also provide a bridge during the summer for relationships that children and families develop during the school year at school and opportunities to form new positive relationships and create new connections to the community.

Program Objectives and Outcomes

The City's playground and pool program was established to promote physical activity, structure, cooperation and co-existence among the youth population in the City of Sherrill and immediate area. Both programs provide appropriate structure with clear and consistent rules, a well-planned out schedule but also flexibility and a variety of options for activities that children can choose to participate in. For example, during the playground program children can choose to participate in various sports activities such as soccer, bowling, tennis baseball, tag, and other outdoor games, or arts and crafts such as painting, sidewalk chalk art, necklace making, puppet creation and drawing. The swimming program offers opportunities for children to take swimming lessons, participate in games, and to join the swim team and compete in swim meets. Both programs promote the opportunity to belong regardless of gender, ethnicity, or disability. Both facilities are handicapped accessible and all programs are conducted with inclusion to all being kept in mind.

The programs provide skill building opportunities through the many activities that are offered. At the swimming pool children are taught strokes, techniques, and water safety skills. The playground activities provide opportunities to develop social, educational and communication skills through team building games, storytelling, collaborations with the library and other organizations, and field trips.

The City's recreation supervisor is responsible for program monitoring and takes a lead role in the playground daily activities, supervises seasonal staff and is closely updated about the swimming program regarding lessons and swim team activities by the City's pool director who supervises the lifeguard staff. During the programs the recreation supervisor and pool director observe children's activities and interactions. Attendance is taken each day at the playground program and during swimming lessons at the pool. The pool maintains a log of children's progress during lessons.

Program Design and Staffing

These programs run daily throughout the summer. The swimming lesson schedule is available on the city website, at the pool, at City Hall and is printed in the Sherrill newsletter. Information about the playground program is also printed in the newsletter and is available at City Hall and the Community Activity Center. The programs use the facilities at the Sherrill pool, at various city parks, and the Community Activity Center. Pool staff is selected based on experience and having the appropriate CPR/First Aid and Lifeguard certifications. Playground staff is selected based on interest and experience working with children. Staff for both programs are trained in program operations and expectations at the beginning of the summer and throughout the summer as needed.

Summary

Each year the City of Sherrill welcomes new children to these programs and sees the return of previous participants. Often parents will reminisce about their own participation in these programs years ago as they bring their own children to the programs to participate themselves. The City of Sherrill hopes to provide these programs for generations to come and works to meet the changing needs and interests of the community each year in order to continue to promote physical and emotional health and a sense of community among youth and families.

To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, genetic predisposition or carrier status, or marital status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a Contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this Contract shall be performed within the State of New York, the Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this Contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, the Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this Contract. The Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this Contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

8. Wage and Hours Provisions.

If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither the Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, the Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of

Section 220 of the Labor Law shall be a condition precedent to payment by the County of any County approved sums due and owing for work done upon the project.

9. Non-Collusive Bidding Certification.

In accordance with Section 103-d of the General Municipal Law, if this Contract is awarded based upon the submission of bids, the Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further affirms that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the County a non-collusive bidding certification on the Contractor's behalf.

10. Records.

The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this Contract (hereinafter, collectively, "the Records"). The Records shall include, but not be limited to, reports, statements, examinations, letters, memoranda, opinions, folders, files, books, manuals, pamphlets, forms, papers, designs, drawings, maps, photos, letters, microfilms, computer tapes or discs, electronic files, e-mails and attachments, rules, regulations and codes. The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The County Comptroller, the County Attorney and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this Contract, shall have access to the Records during normal business hours at an office of the Contractor within the County or, if no such office is available, at a mutually agreeable and reasonable venue within the County, for the term specified above for the purposes of inspection, auditing and copying. The County shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (a) the Contractor shall timely inform an appropriate County official, in writing, that said records should not be disclosed; (b) said records shall be sufficiently identified; and (c) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the County's right to discovery in any pending or future litigation. Notwithstanding any other language, the Records may be subject to disclosure under the New York Freedom of Information Law, for other applicable state or federal law, rule or regulation.

11. Identifying Information and Privacy Notification.

a. Identification Number(s). Every invoice or claim for payment submitted to a County agency by a payee, for payment for the sale of goods or service or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Where the payee does not have such number or numbers, the payee, on its invoice or claim for payment, must give the reason or reasons why the payee does not have such number or numbers.

The Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa).

16. Gratuities and Kickbacks.

a. Gratuities. It shall be unethical for any person to offer, give, or agree to give any County employee or former County employee, or for any County employee or former County employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim, or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefor.

b. Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

17. Audit

The County, the State of New York, and the United States shall have the right at any time during the term of this agreement and for the period limited by the applicable statute of limitations to audit the payment of monies hereunder. The Contractor shall comply with any demands made by the County to provide information with respect to the payment of monies hereunder during the period covered by this paragraph. The Contractor shall maintain its books and records in accordance with generally accepted accounting principles or such other method of account which is approved in writing by the County prior to the date of this agreement. The revenues and expenditures of the Contractor in connection with this agreement shall be separately identifiable. Each expenditure or claim for payment shall be fully documented. Expenditures or claims for payment which are not fully documented may be disallowed. The Contractor agrees to provide to or permit the County to examine or obtain copies of any documents relating to the payment of money to the Contractor or expenditures made by the Contractor for which reimbursement is made to the Contractor by the County. The Contractor shall maintain all records required by this paragraph for 7 years after the date this agreement is terminated or ends.

If the Contractor has expended, in any fiscal year, \$300,000.00 or more in funds provided by a Federal financial assistance program from a Federal agency pursuant to this agreement and all other contracts with the County, the Contractor shall provide the County with an audit prepared by an independent auditor in accordance with the Single Audit Act of 1984, 31 U.S.C. §§ 7501, et seq., as amended, and the regulations adopted pursuant to such Act.

18. Certification of compliance with the Iran Divestment Act.

Pursuant Section 103-g of the General Municipal Law, by submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Bidder/Contractor, any person signing on behalf of any Bidder/Contractor and any assignee or subcontractor and, in the case of a joint bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the Office of General Services (OGS) website, that to the best of its knowledge and belief, that each Bidder/Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to State Finance Law § 165-a(3)(b).

Additionally, the Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Iran Divestment Act of 2012 within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The County reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a Contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a Contract and subsequently appears on the Prohibited Entities List.

IN WITNESS WHEREOF, the parties hereto have signed this document on the day and year first above written.

Narrative Description

There is the growing need to provide opportunities and to get the youth in the City of Rome involved in meaningful recreation programs and activities. The goal of the City of Rome Parks & Recreation Department, a historically family-oriented community, is to provide youth with a well rounded program with activities that will develop positive life skills and character traits as well as activities which will promote physical, intellectual, and emotional health and activity. The target population for the Community Recreation Program includes all male and female youth from 0 to 18 years. The programs are open to all, especially those children at risk from negative peer influence and behavior. The programs will be offered to all youth who live in Rome as well as surrounding areas. The services offered provide recreational opportunities to a diverse group of youth who live in and around Rome. These programs will be offered at varying times and locations to best serve the needs of participants.

Today, the City of Rome Parks & Recreation Department summer programming is serving 60-70 youths daily from late June through August for roughly 6000 participants annually. While the city would like to be able to completely fund such community enriching programs, events, and activities it currently lacks the resources to do so.

Program Description

The mission of the City of Rome Department of Parks, Recreation, and Community Activities is to provide diversified recreation programs and facilities for all of our citizens-particularly our youth-in a safe and enjoyable environment.

This mission is carried out through our many programs which provide scheduled and highly organized activities, supervised and unsupervised playgrounds, numerous special events, athletic mini camps, non-structured and participant led activities and other programs and events.

The City of Rome, and the whole Mohawk Valley region, has been in a prolonged economic decline beginning around the 1960s when it began losing its traditional industries one by one to newer manufacturers in the emerging global economy. In 1995, the city again lost a large proportion of its population (33%) and economic vitality when Griffiss Air Force Base, the largest employer in the Mohawk Valley at that time, closed. As a result, it has experienced a glut of housing together

with a steep drop in its tax base; and, Rome has been left at a particular disadvantage compared to other cities because, while public revenues declined, it remains responsible for the infrastructure of a much larger city. This responsibility includes roads, water and sewer systems, schools and public safety. Diminished city revenues have been redistributed to essential city services and taken out of other programs such as recreation.

Since Griffiss closed, per capita income has dropped to \$18,604, median household income is \$33,643, and median family income is now \$42,929 (compared to \$23,389, \$43,393 and \$51,691 statewide). Rome's vacancy rate is now 16% – one third of its 1990 rate (5%) and twice that of New York State (8%).¹ Many working neighborhoods have developed high crime rates and code enforcement violations. There are a disproportionate percentage of renters vs. owner-occupants, and housing value has plummeted. As a result, the city is now experiencing extensive neighborhood deterioration, including abandoned and vacant buildings, properties that have fallen into disrepair, and a lack of owner resources to correct these problems. While the city has tried to rely somewhat on grant monies to initiate recovery programs, resources are spread very thin just to maintain city infrastructure; there is little left for growth and improvement.

The extent of economic impairment at the family level is reflected in the percentage of school-aged children eligible for the New York State School Lunch Program, a good indicator of family economic health since it is based solely on family income. In four out of Rome's six public elementary schools (approximately 60%), fully half of the students are eligible for the NYS School Lunch Program, and in three of these schools, over three-quarters of the students are eligible.

Participation in youth sports is known to have lifelong social, psychological and health benefits. These include social adjustment, character building, and a sense of belonging, usefulness, psychological well-being, and good health habits. The city believes that its commitment to youth sports is a wise investment in community well-being and strong citizenship.

The Rome Parks and Recreation Department has a long record of commitment to excellence in its sports/recreation programs and facilities. Annually, all programs and facilities reach nearly 9,000 youths. We began these programs in order to support the Rome City School District and the Community in general, in developing strong citizenship values, self-confidence and commitment to healthy living. We have continued to devote scarce resources to these activities and facilities despite the sporadic economic setbacks described above. Cooperative agreements and partnerships are sought out on a regular basis with various community organizations including the *Rome City School District*, the *Rome Sports Hall of Fame*, the *Rome Family YMCA*, *Stan Evans Basketball League*, *Grizzlies Hockey*, *Rome Youth Baseball*, *Rome Pap Warner Football*, and the *Rome Art & Community Center*.

Year 2 – 2015-2016: all bargaining unit members will receive a 2.8% increase to their base salary.

Minimum starting salary levels: updated for the first time in 20 years at an approximate cost of \$12,300.

as the "Association").

- 3.3 Dues Deductions. Pursuant to the plans certified by the Association and as any member thereof shall individually and voluntarily authorize in writing on forms prescribed by the Association, the Employer shall, on a bi-weekly basis (26 or 27, dependent upon pay periods contained in fiscal year), deduct from the salaries of the employees determined to be eligible for membership in the Association the regular Association membership dues and remit the same to the Treasurer of the Association. Dues deductions may only be revoked by instrument in writing and the College shall promptly notify the Treasurer of the Association of the receipt of such revocation notices. The Association shall indemnify and hold harmless the College and its officials and employees from any cause of action, claim, loss, or damage incurred as a result of the Employer's deduction from employees pursuant to this Article.

Re: Establishment of Capital Project HG-526

Dear County Executive Picente:

As you are all aware the County is under a consent order to fix the various problems concerned with the wet weather overflows from the Sauquoit Creek Pumping Station and to address wet weather flows at the Oneida County Water Pollution Control Plant. This project will construct a major portion of the new solids handling facilities at the Oneida County Water Pollution Control Plant. This specific bonding will cover the construction of anaerobic digesters. It will also fund the construction of a microturbine facility to produce power from the methane gas generated by the digesters. Funding will be sought by bonding through New York State Environmental Facilities Corporation (NYSEFC). This will result in the Sewer District paying a lower interest rate on the bonds.

As part of the application process, a resolution will need to be passed by the Board of Legislators authorizing the submittal of the application for funding from the NYSEFC. That will be coming to you under separate cover.

I therefore request your Board approval for the following:

- A.) Establishment of Capital Project HG-526 – Solids Handling Upgrades (Digesters), and
B.) Funding for Capital Project HG-526 as follows:

HG - 526 Bonding..... \$53,300,000.

I also respectfully request to have this matter put before the Oneida County Board of Legislators at their January 14th meeting.

Sincerely, THE ONEIDA COUNTY DEPARTMENT OF WATER QUALITY AND WATER POLLUTION CONTROL

CWSRF No. C6-6070-08-04

Dear County Executive Picente:

As you know, preparations are underway to apply to New York State Environmental Facilities Corporation (NYSEFC) for funding of the projects listed above. This work entails the design and construction of solids handling upgrades relative to the construction of digesters at the water pollution control plant (Phase 6C) and the construction of Sauquoit Creek Pumping Station upgrades and the installation of new parallel forcemains from the pumping station to the water pollution control plant (Phase 5B).

As part of the application process, a resolution from the Board of Legislators authorizing the submittal of the application must be passed. The application for funding to NYSEFC is due February 2nd. A draft resolution is attached.

I would appreciate consideration of this matter by you and the Board of Legislators at your earliest possible convenience. I would request that this resolution be acted upon at the January 14th Board meeting. I am available to meet with you or the Board to discuss this request and explain this in more detail.

Re: Narrative for 2014 RFP

The Town of Bridgewater is a rural town located in a lower income community. The local children do not have the privilege of attending a summer camp. The Summer Recreation Program fits this need. This program serves any child between the ages of 5 through 13 which enable the children to learn the social interaction with the different age groups.

There is a structured routine that is followed daily. These children have a lunch provided which is greatly appreciated and in most situations, needed. The children not only learn social skills. The children have met the animals from the Utica Zoo and learned how to handle situations such as bullying by participating in YWCA "Your Body. Your say. Program". They learn to overcome shyness by being part of the "Summer Recreation Talent Show".

The director of the Summer Program is Kristina Martin, appointed by the Town Board who includes Supervisor Dale DeKing, Councilman Richard Foster, Councilman Thomas Meininger, Councilman Ernest Eaton and Councilman Christopher Haar.

Her well organized and well-rounded program is something each child looks forward to every year. The numbers speak for themselves since there are as many as 50 to 70 children attending.

Thank you for your time.

Sincerely yours,

Dale DeKing
Supervisor

b. Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

The Contractor shall maintain all records required by this paragraph for 7 years after the date this agreement is terminated or ends.

If the Contractor has expended, in any fiscal year, \$300,000.00 or more in funds provided by a Federal financial assistance program from a Federal agency pursuant to this agreement and all other contracts with the County, the Contractor shall provide the County with an audit prepared by an independent auditor in accordance with the Single Audit Act of 1984, 31 U.S.C. §§ 7501, et seq., as amended, and the regulations adopted pursuant to such Act.

Additionally, the Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Iran Divestment Act of 2012 within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The County reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a Contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a Contract and subsequently appears on the Prohibited Entities List.

Town of Deerfield Recreation Program Narrative:

The Town of Deerfield run a year round youth program for the youth in our town. Being a suburb, many children of working parents, do not have access to the amenities of city living, with public transportation, libraries and recreational facilities within walking distance of their homes. These children then become confined to their homes or small back yards.

Our program offers, the opportunity for these children to get socialize with friends, and get out and experience and learn about the community around them.

Our program offers this throughout the year. January through May, and September through December we offer weekend opportunities of healthy activities and events twice monthly visiting museums, plays and movies, physical events such as bowling, skating, winter time fun. During our 6 week summer Park program we offer the youth in our community a safe, healthy outside environment for them to play and interact with others their ages. We bring in educational programs and speakers, who make learning fun.

We will offer a science program, Child protection and safety, self-defense through Tae Kwon Do and learning magic from a real magician are just a few programs offered to our children. Children will also learn the importance of working together, whether it be through team play or arts and crafts.

Our program is supervised by our Recreation Director and Youth Leaders, and weekly reports are shared with the Town of Deerfield Board.

If you have any further questions or areas to inquire about – Please contact me.

Sincerely

2014 VILLAGE OF CAMDEN NARRATIVE

QUEEN VILLAGE RECREATION PROGRAM

DATES OF OPERATION: JULY 7, 2014 THRU AUGUST 15, 2014

**THE POPULATION TO BE SERVED IS APPROXIMATELY 90 CHILDREN
BETWEEN THE AGES OF 5 AND 12 YEARS.**

1) NARRATIVE DESCRIPTION OF PROPOSED SERVICES:

Problem/Need:

Today's society has changed a great deal from the past. Many of the children in our community come from single parent homes or from households in which both parents are working. Additionally, it is a rural area with very little offered to children to fill their free time in the summer. Children need positive programs to occupy their time. A constructive athletic and social program would help children stay off the street where they can become victims of drugs, alcohol abuse and accidents.

In addition, some children are not given healthy, nourishing meals. Therefore, the Recreation program works in conjunction with the School Districts breakfast and lunch program, in which allows these children the means to obtain healthy meals.

The youth characteristics and demographics and the boundaries or geographic area where the program will operate is at the Camden Elementary school within the Village of Camden. All youths residing within our Village are given first option to participate in the program. When there are additional openings, the children within the school district are also welcome to participate.

Features of Positive Youth Development Settings:

- A) **Physical & Psychological Safety:** The program is held in a safe neighborhood with an adequate staff to child ratio. A playground safety assessment is done by the school personnel. A medical release form is signed by the parents. Both the parents and children are made aware of the expected behavior. Also, a policy is in place denoting no hitting, fighting or throwing of objects. There are progressive disciplinary actions for offenses.
- B) **Appropriate Structure:** The rules are shared and periodically reviewed with participants. The staff is directed to intervene if there are any problems between participants. In addition, the Recreation Director is present at the program daily if a problem persists. There are structured activities run by the staff, not allowing for a lot of unstructured time. Throughout all activities, participants are encouraged to utilize good sportsmanship and demonstrate consideration and caring for others and equipment

- C) **Supportive Relationship:** The recreation attendants are expected to interact and “play” with the children in a positive manner. During field trips the staff is assigned to children that have formed a comfortable relationship with them. The recreation attendants return many years, creating a lot of consistency in their relationships and familiarity. The children develop a lasting relationship with the staff, who are also members of their community. Therefore, they can identify and feel safe anytime they see a staff member.
- D) **Opportunities to Belong:** There aren’t various ethnic/cultural differences in our small community. All children are treated equal. There are many activities that disabled children are able to participate in. In regard to gender, social engagement and integration, activities are very diverse. It is both expected and encouraged by staffers that boys and girls join in activities they are interested in (ie) arts/crafts, group sports...regardless of gender.
- E) **Positive Social Norms:** Recreation attendants treat all participants in a positive manner. However, rules of conduct have been developed with subsequent consequences. The recreation attendants are hired with backgrounds that lend them as positive role models both at the program and outside in the schools and community.
- F) **Support for Efficacy and Mattering:** Youth are encouraged to express their input as to particular programs and offer negative/positive feed back on them. A large number of participants enjoy the program so thoroughly that they very often choose to contribute back to the program and community and, in turn, become a staffer. This creates a positive cycle for all.
- G) **Opportunities for Skill Building:** The physical skill building includes eye/hand coordination, running, swimming, and group sport activities. Social skills are gained by children interacting with other children and staffers in a friendly atmosphere – learning to share and relate to others. The children are taught creative skills through their arts and crafts projects.
- H) **Integration of Family, School and Community Efforts:** The parents of participants interact with staffers and are shown their children’s accomplishments. They are also consulted when/if there is a problem or concern with their child. There is an annual report submitted by the Recreation Director so as to increase the understanding of the program by the Village Board. The school is fully aware of and involved in the program. The program is on site at the Elementary School.
- I) **Monitoring and Evaluation Methods:** The program is supervised by attendants and a director. A Village Trustee serves as Recreation Commissioner and acts as liaison to the Village Board. The success of the program is evaluated based on youth participation records, the feedback from parent’s and citizens. Also, the Director submits a year-end summary detailing the accomplishments, obstacles encountered and the activities that took place. The results of the monitoring are used to make necessary adjustments to policies and procedures. The monitoring is done with the expectation that the recreation program will continue to be a highly successful, attended program for the youth of the community.

2) PROGRAM SERVICES OBJECTIVES AND OUTCOMES:

Goal – Children and youth will have optional physical and emotional health.

Objective – Children and youth will be physically and emotionally fit.

- A) **Outcomes** – (1) To provide well supervised constructive use of leisure time activities for approximately 90 local youth ranging in age 5 thru 12 years. (2) To offer the recreation program for 6 full weeks each summer. (3) To offer a swim program for four weeks to help participants increase their swimming skills. (4) To educate our youth via program offerings such as arts and crafts, educational field trips and programs on health and safety, etc.
- B) **Monitoring Methods** – The recreation and swim program are both supervised by high school/ college students. These attendants were supervised by the Village Recreation Director. The Recreation Director is appointed by and answers to the Mayor and Village Board of Trustees. In addition, a Village Trustee is appointed by the Mayor to serve as Recreation Commissioner and acts as liaison to the Village Board. The Commissioner also conducts periodic site visits. The program is monitored throughout the entirety of the program.
- C) **Evaluation Method** – The program will be evaluated based on the youth participation and regularity of attendance as evidenced by registration and attendance records. Feedback from parents/citizens will also be given serious consideration. The results will be used to address current needs as well as incorporating changes (if need be) in future years.

3) PROGRAM DESIGN AND STAFFING:

- A) **Paid Staff** – The summer recreation staff shall consist of a recreation director, six recreation/swim attendants, three sports camp directors, and two bus drivers. The director qualifications are that they have generally served previously as an attendant and is a school teacher or aid. The duties of the director are to plan, coordinate, direct and supervise the entire summer program. With regard to the recreation/swim attendants, it is beneficial if they have had previous experience in childcare as well as being good students/citizens in the community. They are to work directly with the youths at the playground. The sports program directors hold a weeklong training/learning camp for specific sports such as basketball and field hockey. They are always teachers/coaches from the Camden Central School system. The bus drivers are always already employees and approved by the Camden Central School system. They drive the children to and from the swim program and any planned field trips.
- B) **Volunteers** – They are only utilized during field trips. The volunteers mainly consist of the parents of participants.

Narrative Guidelines 2014

Name of Organization: Village of Boonville/Town of Boonville
Title of Activity: Boonville Summer Recreation
Proposed Dates of Operation: Annually - (June 30, 2014 - August 8, 2014)
Client Population/Number to be served: Children ages 5-12 who are Village and Town of Boonville residents (other children are accepted on case by case basis)

Narrative Description of Proposed Services:

The Boonville Summer Recreation (BSR) Program accepts all children ages 5-12 who attend the Adirondack Central School district. The children of the Boonville area have been fortunate to attend the Boonville Summer Recreation program for the past 12 years. The original Summer Recreation Program that was in existence for over 40 years was offered only to children of Village residents but in 2001, the program was expanded and has been a huge success, and with the assistance of the Town of Boonville and their small budget allocation and their waiver to the Village for Oneida County Division of Youth fund donation we are able to include all children who attend the Adirondack School district, ages 5-12, now with a majority of our children who live in the town of Boonville.

The Boonville Summer Rec program had 125 children register for the 2013 summer program. This is an average year for the program - about 120-130 register with 70-80 attending on a daily basis. The town and village of Boonville together have over 462 kids ages 5-12 with a median household income of \$31,556 in the village and \$51,208 in the town. The poverty rate in the town is 13.1% with the village much higher, at 19.3% - this leads to our request for funding each year from the Oneida County Youth Bureau.

The Boonville summer recreation program is about 25% funded through the town and village budgets and the remaining expenses are covered through donations from area business owners and local service organizations, raised through a letter writing campaign from a volunteer committee who loves to see the kids safe and entertained and off the streets for a majority of their summer. We do not charge the children to come to summer recreation, they are required to bring their own lunch and pay for their trips on trip week. Some families cannot afford to send their children on trips so the program funds that for them, otherwise some children would never experience a zoo or Enchanted Forest Water Safari or even a movie.

The Features chart is followed as shown below:

- **Physical and Psychological Safety** - The BSR program has always been known for a safe, educational environment where the children love to be with their peers and counselors. Our counselors are interviewed during April school break and we pick 5 girl and 5 boy counselors, aged 16-21 with 1 adult Director. The children are broken into groups with their peers 5-6; 7-8; 9-10 and 11-12 year old groups with a mixture of girl/boy counselors for each group. The counselors are trained to look for children who are being bullied or attacked in any way and the children are good about going to the Director with situations if need be.
- **Appropriate Structure** - The BSR program has many rules and regulations and the children are well aware on their first day of attending the program of the rules and the consequences if the rules are not followed. No fighting, etc. or children are talked to; if the problem continues then their parents are talked to, and if it still continues then they are taken out of the program for the year. There is just enough control and supervision for the program to be fun yet safe.
- **Supportive Relationships** - The BSR counselors are overwhelmed with the love and admiration that the children in their groups have for them. Since the program began, the children have always looked up to the counselors so we make a point to interview and choose counselors who will be great role models to them. The counselors learn to be compassionate and caring and responsible for others who depend on them, and the children learn that they have someone they can talk to and bring their concerns as well as their fun exciting news!
- **Opportunities to Belong** - the kids, for the most part get along great, and if we have an instance where there is a personality conflict there is a possibility to move children to other groups, to date, the BSR program has not had problems with interracial or other social conflicts. At least one staff and or volunteer speaks other than English and are able to communicate with all children. If something like that would happen, a counselor would report to the Director and the child and their parents would be notified.
- **Positive Social Norms** - The children and counselors are given an orientation which lays down the limits and rules of the program, they know the chain of command. All participants are aware of the program boundaries; and the program is small enough that everyone knows what everyone else is doing - whether it is in the form of good or bad behavior, and do get addressed immediately when necessary.

- Support for Efficacy and Matting - Children involved in BSR are involved in decision making as far as a survey of favorite activities and trips so they have a hand in deciding on trips to attend for the following year. Children are responsible on a daily basis for their own items ie; lunch, book bag, towel, etc.; and praised or rewarded when consistent in this area. Children are trained to take on leadership roles by making sure you have a buddy at the beach and on trips;
- Opportunities for Skill Building - Children learn to play tennis which will stay with them for their life, and are able to take swimming lessons, music lessons and join the local art gallery for classes. The kids learn and improve skills such as manners and lessons on visiting the local public library; Counselors learn valuable lessons in responsibility, mentoring and conflict management.
- Integration of Family, School and Community Efforts- Children visit the local nursing home as a group to entertain the staff and residents with songs and skits. Families are regularly asked to volunteer in the program by collecting recycled items to bring in for crafts and sometimes go on trips as volunteer chaperones; Families are invited to special events like talent shows and the year end picnic. Counselors and the children learn about their community by attending art programs at the Dodge Pratt Northam Art & Community Center and Erwin Library and group tours of the Boonville Black River Canal Museum.

Program Services - Objectives and Outcomes at the BSR are numerous. Our program is awesome and keeps children off the streets in the summer in a semi-controlled environment, but where they are free to run and laugh and play with their peers from school and also make lots of new friends and heroes! The program serves a need for many kids in Boonville as it keeps them occupied and off the couch for 6 weeks; promotes daily exercise by walking to the park each day to swim, kayak and play games; we have educational speakers come to visit as often as we can during the week - from bullying to first aid to stranger danger and internet safety, etc.; daily crafts, outdoor and indoor games and movies; socialize with friends and counselors; travel to fun places once a week on trip day; and also for older kids we create 10 jobs where kids over 16 can work in their community with kids that look up to them and think of them as positive role models - sometimes making a huge difference in a child's life. Unfortunately we have too many children in our community who do not have opportunities to travel and see the fun things there are to do in our own community or within a 40 mile radius. Our trips include Old Forge for a movie and the beach; Utica to Chuckie Cheese; Rome to roller Skate; Sackets Harbor to Old

McDonald Farm; Woodgate to Camp Nazareth and the best trip is the last - Enchanted Forest Water Safari.

This year we had new challenges as we tried to abide by the Dept of Health rules to run a summer day camp. We had many visits from the Dept of Health Director, Susan Batson, and applied her concepts which added cost to the program, but also an additional safety layer for the kids.

Our director is full of ideas and saves her old paper towel rolls and plastic containers and whatnot all year long as she gathers craft ideas and learning activities for the kids. She has scavenger hunts, works with sand art and hot potato games along with other crazy games and activities. This year we had a Zumba instructor visit once a week; the Boonville Police Department gave a presentation and our year end picnic was all donations from our 2 local grocery stores, Tops and Great American.

Program Design and Staffing: The Boonville Summer Recreation program is staffed with 1 Director; 1 - Health Director; 8 Counselors and 1 - Head Lifeguard. The entire program is overseen by the Village Board of Trustees of the Village of Boonville.

b. Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

The Contractor shall maintain all records required by this paragraph for 7 years after the date this agreement is terminated or ends.

If the Contractor has expended, in any fiscal year, \$300,000.00 or more in funds provided by a Federal financial assistance program from a Federal agency pursuant to this agreement and all other contracts with the County, the Contractor shall provide the County with an audit prepared by an independent auditor in accordance with the Single Audit Act of 1984, 31 U.S.C. §§ 7501, et seq., as amended, and the regulations adopted pursuant to such Act.

The Town of Floyd Youth Recreation Program are trying to supply for the Youth Recreation Program, a seasonal facility from the months of April through October for our youth to utilize. We are trying to create a safe and positive environment for them where they can meet their needs for physical, social, moral and emotional growth, thus minimizing youth delinquency.

We totally acknowledge the physical and psychological factors of our youth. Our Athletic Director serves as an organizer for use of the facility that the Town supplies.

The groups that utilize the facility have developed their own set of skill and character building rules and regulations that they follow and they are in attendance at the scheduled events to monitor behaviors and practices. The leaders of any organizations involved have meetings to discuss their own program design and staffing. Those members may attend the Town Board Meetings with questions or concerns. We have attached a copy from their website with information on their league philosophy. Our particular league, The Northern Community Little League reported this year having signed up 33 T-Ball, 103 Minor League, 44 Little League, 12 Major League and 15 Softball, playing times varied.

Our Town Board takes a real interest in nurturing our youth so they grow up with good values and positive attitudes and they will be able to deal with any negatives that could occur. They are encouraged to have positive attitudes and hopefully these practices will have an impact on their future as they become adults and come in contact with all types of situations.

We hope to accomplish our goals by making our Town Park a well maintained facility available and accessible to any group needing a place to use.

Town Board members are as follows:

Supervisor: Willard H. Streiff Jr.

Councilman: Robert Evans

Councilman: Charles E. Planow

Councilman: Daniel Schwertfeger

Councilwoman: Jennifer Bohrer

Narrative for 2014 RFP

Name of Proposing Organization	Village of Oriskany
Title of Activity or Service	Summer Youth Recreation
Proposed Dates of Operation	7 weeks in July and August
Client Population/Number to be Served	1450/125

The summer youth program by the Village of Oriskany is held on the Oriskany Elementary School grounds in a safe neighborhood. It is staffed by employees trained in first aid and is visited routinely by law enforcement personnel.

Our summer youth program has clear rules of conduct which are explained at the start of the program. Employees of the program are aware of and provide age appropriate monitoring and maintain control and develop clear boundaries. Employees make an effort to give each child some attention each day and the Village of Oriskany, the sponsoring agency, regularly evaluates staff interaction with participants. Employees are encouraged to ensure that all participants are involved in activities and are not excluded due to ethnicity, gender or disability. Activities are assessed for space and handicap accessibility.

Summer youth program employees are trained to act as role models and encouraged to promote a positive youth development approach. Participants in the summer youth program are encouraged to suggest activities for the program and also to encourage each other to participate. Participants in the program learn or improve their social and physical skills.

The summer youth program and the Village of Oriskany have a good working relationship with the local school for use of their facilities and use of their buses for field trips. Families of participants are asked to volunteer for field trips.

The program is an offering of the village and is the village's responsibility to monitor. The program director keeps a daily log of participants. A member of the Village Board is assigned to make periodic visits to the playground site. The program will be evaluated based on comments from the director, attendance by youth and Village of Oriskany Board of Trustees.

The Town of Floyd Youth Recreation Program are trying to supply for the Youth Recreation Program, a seasonal facility from the months of April through October for our youth to utilize. We are trying to create a safe and positive environment for them where they can meet their needs for physical, social, moral and emotional growth, thus minimizing youth delinquency.

We totally acknowledge the physical and psychological factors of our youth. Our Athletic Director serves as an organizer for use of the facility that the Town supplies.

The groups that utilize the facility have developed their own set of skill and character building rules and regulations that they follow and they are in attendance at the scheduled events to monitor behaviors and practices. The leaders of any organizations involved have meetings to discuss their own program design and staffing. Those members may attend the Town Board Meetings with questions or concerns. We have attached a copy from their website with information on their league philosophy. Our particular league, The Northern Community Little League reported this year having signed up 33 T-Ball, 103 Minor League, 44 Little League, 12 Major League and 15 Softball, playing times varied.

Our Town Board takes a real interest in nurturing our youth so they grow up with good values and positive attitudes and they will be able to deal with any negatives that could occur. They are encouraged to have positive attitudes and hopefully these practices will have an impact on their future as they become adults and come in contact with all types of situations.

We hope to accomplish our goals by making our Town Park a well maintained facility available and accessible to any group needing a place to use.

Town Board members are as follows:

Supervisor: Willard H. Streiff Jr.

Councilman: Robert Evans

Councilman: Charles E. Planow

Councilman: Daniel Schwertfeger

Councilwoman: Jennifer Bohrer

The Town of Floyd was incorporated March 4, 1796.

9. Non-Collusive Bidding Certification.

In accordance with Section 103-d of the General Municipal Law, if this Contract is awarded based upon the submission of bids, the Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. The Contractor further affirms that, at the time the Contractor submitted its bid, an authorized and responsible person executed and delivered to the County a non-collusive bidding certification on the Contractor's behalf.

10. Records.

The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this Contract (hereinafter, collectively, "the Records"). The Records shall include, but not be limited to, reports, statements, examinations, letters, memoranda, opinions, folders, files, books, manuals, pamphlets, forms, papers, designs, drawings, maps, photos, letters, microfilms, computer tapes or discs, electronic files, e-mails and attachments, rules, regulations and codes. The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The County Comptroller, the County Attorney and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this Contract, shall have access to the Records during normal business hours at an office of the Contractor within the County or, if no such office is available, at a mutually agreeable and reasonable venue within the County, for the term specified above for the purposes of inspection, auditing and copying. The County shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (a) the Contractor shall timely inform an appropriate County official, in writing, that said records should not be disclosed; (b) said records shall be sufficiently identified; and (c) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the County's right to discovery in any pending or future litigation. Notwithstanding any other language, the Records may be subject to disclosure under the New York Freedom of Information Law, for other applicable state or federal law, rule or regulation.

11. Identifying Information and Privacy Notification.

a. Identification Number(s). Every invoice or claim for payment submitted to a County agency by a payee, for payment for the sale of goods or service or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Where the payee does not have such number or numbers, the payees, on its invoice or claim for payment, must give the reason or reasons why the payee does not have such number or numbers.

The Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa).

16. Gratuities and Kickbacks.

a. Gratuities. It shall be unethical for any person to offer, give, or agree to give any County employee or former County employee, or for any County employee or former County employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim, or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefor.

b. Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

17. Audit

The County, the State of New York, and the United States shall have the right at any time during the term of this agreement and for the period limited by the applicable statute of limitations to audit the payment of monies hereunder. The Contractor shall comply with any demands made by the County to provide information with respect to the payment of monies hereunder during the period covered by this paragraph. The Contractor shall maintain its books and records in accordance with generally accepted accounting principles or such other method of account which is approved in writing by the County prior to the date of this agreement. The revenues and expenditures of the Contractor in connection with this agreement shall be separately identifiable. Each expenditure or claim for payment shall be fully documented. Expenditures or claims for payment which are not fully documented may be disallowed. The Contractor agrees to provide to or permit the County to examine or obtain copies of any documents relating to the payment of money to the Contractor or expenditures made by the Contractor for which reimbursement is made to the Contractor by the County. The Contractor shall maintain all records required by this paragraph for 7 years after the date this agreement is terminated or ends.

If the Contractor has expended, in any fiscal year, \$300,000.00 or more in funds provided by a Federal financial assistance program from a Federal agency pursuant to this agreement and all other contracts with the County, the Contractor shall provide the County with an audit prepared by an independent auditor in accordance with the Single Audit Act of 1984, 31 U.S.C. §§ 7501, et seq., as amended, and the regulations adopted pursuant to such Act.

18. Certification of compliance with the Iran Divestment Act.

Pursuant Section 103-g of the General Municipal Law, by submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Bidder/Contractor, any person signing on behalf of any Bidder/Contractor and any assignee or subcontractor and, in the case of a joint bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the Office of General Services (OGS) website, that to the best of its knowledge and belief, that each Bidder/Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to State Finance Law § 165-a(3)(b).

Additionally, the Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Iran Divestment Act of 2012 within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The County reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a Contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a Contract and subsequently appears on the Prohibited Entities List.

Village of Oriskany
Narrative for 2014 RFP

Name of Proposing Organization	Village of Oriskany
Title of Activity or Service	Summer Youth Recreation
Proposed Dates of Operation	7 weeks in July and August
Client Population/Number to be Served	1450/125

The summer youth program by the Village of Oriskany is held on the Oriskany Elementary School grounds in a safe neighborhood. It is staffed by employees trained in first aid and is visited routinely by law enforcement personnel.

Our summer youth program has clear rules of conduct which are explained at the start of the program. Employees of the program are aware of and provide age appropriate monitoring and maintain control and develop clear boundaries. Employees make an effort to give each child some attention each day and the Village of Oriskany, the sponsoring agency, regularly evaluates staff interaction with participants. Employees are encouraged to ensure that all participants are involved in activities and are not excluded due to ethnicity, gender or disability. Activities are assessed for space and handicap accessibility.

Summer youth program employees are trained to act as role models and encouraged to promote a positive youth development approach. Participants in the summer youth program are encouraged to suggest activities for the program and also to encourage each other to participate. Participants in the program learn or improve their social and physical skills.

The summer youth program and the Village of Oriskany have a good working relationship with the local school for use of their facilities and use of their buses for field trips. Families of participants are asked to volunteer for field trips.

The program is an offering of the village and is the village's responsibility to monitor. The program director keeps a daily log of participants. A member of the Village Board is assigned to make periodic visits to the playground site. The program will be evaluated based on comments from the director, attendance by youth and Village of Oriskany Board of Trustees.

The Determination of Vendor responsibility will be made in accordance with Section n. of General Terms and Conditions
- j. If the Contractor intends to use materials, equipment or personnel paid for under this contract in a revenue generating activity, the Contractor shall report such intentions to the Department forthwith and shall be subject to the direction of the Department as to the disposition of such revenue.

- a) Payroll Expenditures: cancelled checks and the related bank statements, time and attendance records, payroll journals, employee personal history folders, and cost allocation plans, if applicable.

Although not required, the Department recommends that the Contractor retain records directly pertinent to this contract for a period of ten (10) years after the end of the calendar year in which they were made, as the statute of limitations for the New York False Claims Act is ten years.

- n. By signing this contract, the Contractor certifies that within the past three years the Contractor has engaged in no actions that would establish a basis for a finding by the Department that the Contractor is a non-responsible vendor or, if the Contractor has engaged in any such action or actions, that all such actions have been disclosed to the Department prior to entering into this Contract. The actions that would potentially establish a basis for a finding by Department that the Contractor is a non-responsible vendor include:

 - The contractor has not paid all due and owed local, state and federal taxes to the proper authorities
 - The contractor has engaged in any other actions of a similarly serious nature.

Where the Contractor has disclosed any of the above to the Department, Department

may require as a condition precedent to entering into the contract that the Contractor agree to such additional conditions as will be necessary to satisfy the Department that the vendor is and will remain a responsible vendor. By signing this contract, the Contractor agrees to comply with any such additional conditions that have been made a part of this contract.

By signing this contract, the contractor also agrees that during the term of the contract, the Contractor will promptly notify the Department if the Contractor engages in any actions that would establish a basis for a finding by Department that the Contractor is a non-responsible vendor, as described above.

Additionally, the Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Iran Divestment Act of 2012 within 90 days after the determination of such violation, then the County shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The County reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a Contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a Contract and subsequently appears on the Prohibited Entities List.

2014 Youth & Recreation Program Narrative

Village of Oriskany Falls, Oneida County

Oriskany Falls Youth Commission

July 1, 2014 through August 2014

1.) Proposed Services

The Village of Oriskany Falls offers a program to children that live in the Town of Augusta and the Village from Kindergarten to Sixth Grade for a five week period. The need for this program is to keep the children off the streets and to educate and entertain them throughout the summer. The Village of Oriskany Falls is a small village that has roughly 700 residents, two small parks and a very low income population. Many parents work through the summer and children are left to their own device. Through this program they are offered structure, safe facilities, positive interaction with adults and other children, the sense of feeling comfort and being part of a team, social acceptance and to know right from wrong.

2.) Objectives and Outcomes

A.) Outcomes

The benefit to having a Summer Program for the children is so they can have fun and to keep the children occupied while their parents are at home or work. When children have activities to do they tend to stay out of trouble.

B.) Monitoring

There are two employees staffed by the Village and five Oneida County Summer Youth Employment teens that work closely with the children. All children are informed of the rules of participation. There is a warning system that first notifies the child of inappropriate activity, then the parent is notified and if it persists then the child is no longer able to participate in all the activities. This deters any bad behavior because the children enjoy the field trips which they would not be able to enjoy if not for this program. The Youth & Recreation Program Director is responsible for the program monitoring and she does so with respect and confidence.

C.) Evaluation

During the last week of the Summer Program each child that has attended receives a survey that asks them questions about the program. It includes questions as to what was liked and what was not liked, how they most enjoyed their time and so on.

From the Life Area section of the narrative guideline, the Village feels our goal is for children and teens to demonstrate good citizenship as law abiding, contributing members of their families, schools and communities. Through this program each child has a responsibility whether it is to sign in and out, bring lunches and take home required paperwork, help to cleanup messes made during the program and to do be a respectable participant. They are made responsible for their own behavior and by participating in this program it helps them to participate more effectively with their own families.

NARRATIVE:

The Village of Waterville along with the Town of Sangerfield supports a summer recreation program, free of charge, for children K-6th grade. The program runs for 6 weeks starting in July and ending in August. Children living in the Village of Waterville and Town of Sangerfield are welcome from the hours of 11am until 3pm at Memorial Park elementary school, a facility that is handicap accessible and located in a safe neighborhood. Entrances are monitored and playground area is inspected daily for any debris that could be harmful to participants. Educational presentations at cooperative extension, speakers from the Ride for Missing Children, Nutritionist from SOX, motivational reading program through our local library every Wednesday, crafts, games field trips and monitored swimming lessons at Sauquoit pool are offered.

Staff is a combination of an adult coordinator, two adult members and four students, all from the village of Waterville and Town of Sangerfield, supporting summer employment for our local area. They all are CPR certified and are trained in methods to ensure participants are involved, supplying a positive, interactive environment where expression and creativity is honored. They encouraged participants to decorate the space that is provided for crafts along with sharing stories about their families. The staff is involved with creating activities for the program and takes leadership in running them.

Rules of conduct are sent home to families with a returned signature, noting they have been read and shared with participants. See attached General Rules of Program.

The staff for the summer of 2014 summer recreation program is looking forward to this coming season and the diversity of the participants. We are an average to low economic working community with limited activities for our youth and believe our summer recreation program is a positive, supportive function for them and our area.

During the term of the Contract, should the County receive information that a Bidder/Contractor is in violation of the above-referenced certification, the County will offer the person or entity an opportunity to respond.
