Dear Chairman Fiorini:

On behalf of the Workers' Compensation Committee I respectfully request that the attached local law amending local law No. 1 of 1956 be considered for the July 2015 meeting.

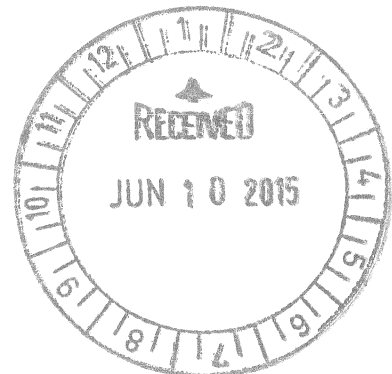

Existing local law says the withdrawing participant will pay its full liability to the Plan. Our actuary made the computation of exit fees for Westmoreland and Prospect in accordance with actuarial procedures and the manner in which our Plan is constructed. While doing so, they suggested that the method of computation be set forth in local law, so that future actuaries may be guided by such provisions. Therefore, the Committee wishes to set forth the manner in which the liability owed by participants who choose to withdraw from the Oneida County Workers' Compensation Plan is calculated. We believe the attached amendment clarifies this calculation.

Sincerely yours,

Norm Leach, Chairman  
Workers' Compensation Committee
