TRAINING BULLETIN

Basic Wildland Search Skills

Basic Wild land Search Skills: was developed by New York State Department of Environmental Conservation, the Basic Wild and Search Skills Course teaches the most basic skills needed to conduct search in the wild land environment. Topics covered in this course include, basic search organization (Incident Command System), communications, search techniques, attitude and safety. This course concludes with a field exercise to practice the type 3 search technique (grid search) discussed in the classroom. Graduates of this course will receive a “Green Card” which will identify them as having successfully completed this course. This course is also a prerequisite to the other more advanced search courses offered by the New York State Department of Environmental Conservation.

This course consists of 8 hours of training:

LOCATION: Taberg

May 5th @ 8:00am

All evening classes begin at 6:30 P.M. All Saturday AM classes begin at 9:00 A.M.
