

“ We interrupt this program for a test of the Emergency Broadcasting System... This is only a test!...If this was an actual emergency, you would...”

Take a moment to finish this thought.....

**If faced with an actual emergency that threatened your health and safety - whether a natural or manmade disaster - would you know what to do?
Does each member of your family have the knowledge and resources to help them respond quickly and appropriately?**

The Oneida County Health Department wants to provide you easy access to useful information that will keep you and your family safe in an emergency.
