Post Your House Number

On Your Mailbox

On Your Door

On A Driveway Sign

**Post Your Number,
It's Important.**

We Can't Help You If We Can't Find You!

**Oneida County Executive
Anthony J. Picente, Jr.

In an EMERGENCY, *time is critical.*
Responding Fire, Police & EMS Units
must be able to locate your
residence or place of business quickly.

Protect yourself, your family and your co-workers,

Follow these simple rules:

- ◆ Post your house or building numbers on your front door *and* at the entrance to your property specifically on your mailbox or a driveway sign.
- ◆ Numbers must be at least 3" in height. Use plain block lettering made with a reflective material for night viewing.
- ◆ For a mailbox or driveway sign, numbers must be clearly visible from the road by cars traveling in both directions.
- ◆ If you have no mailbox, or your mailbox does not properly identify your driveway (ex. your mailbox is on the opposite side of the road), you should use a driveway sign.
- ◆ Do not place numbers on utility poles or State, County, Town, or Village sign posts.
- ◆ Additional guidance and confirmation of your legal address can be obtained by calling:
Oneida County Emergency Services
at (315) 765-2527
